*Our MN "Welcome Banners" are flying
from the gate posts of our new home*

In December, 1955, we will be moving our General Headquarters to our twin ranchos, Rancho del Alisal and Rancho Los Cacomites.

In early Spanish California, Rancho del Alisal and Rancho Los Cacomites were one—Rancho Azusa, a landmark and a heritage. In grand tradition it was divided by one owner to become wedding gifts for his two lovely daughters and to carry the names of Rancho del Alisal and Rancho Los Cacomites. Now a cycle is complete and the ranches are joined again through our open gates.

Our recent acquisition of these old ranches is for us a dream come true as it will make it possible for us to give you better service. We'll have more varieties, in larger quantities, of better-than-ever quality to offer you! The location is ideal—a terraced hillside planted with blooming Bougainvillea and on each level grow the more tender varieties. The hillside slopes gently down to the acres of space below for the other container ornamentals. Thousands of plants in their containers are neatly arranged in row after row like divisions of soldiers standing in review and creating the illusion of extending to the horizon! At the foot of the hillside is a reservoir holding an abundant supply of melted snow-water which flows down from the Sierra Mountains and is so beneficial to the health and growth of plants.

As one enters the gates a long driveway, lined on each side with palm trees, stretches before you and ends in a tropical-like garden of trees and plants of many varieties. Huge Podocarpus, Redwoods, Oaks, and great gnarled Sycamores seem to reach to the stars. This enchanting little park gives a sense of peace and contentment and one leaves its quiet, cool, restfulness with reluctance.

Across the circle driveway from the garden is the old ranch home-place which is also surrounded by towering trees. Our offices will be in this home which was built many years ago in early California style with each room opening to a center patio of mosaic tile. We are sure its beauty and the nostalgic charm of a past era will delight you.

Beyond the house there will be ample room for the shipping department and the semi-trucks, making it easier to handle all deliveries more quickly—near and far!!

Although our entrance gates re-uniting two of Azusa's most historic ranches are new, we offer you in the same tradition, the same warm hospitality the original owners extended to all who entered their portals. So, whenever business or pleasure brings you to our community we want you to visit us.

Every day is "open house" . . . so, we'll be seeing you!

Harry E. Ronedale

CONIFERS

Your customers often ask for plants that need little care but are still attractive the year 'round. We suggest CONIFERS, the hardy evergreens that are such a graceful, beautiful asset to any landscape. Conifers grow in all sizes and shapes — from low growing ground covers to towering trees. The MN label is your assurance of the finest conifers — vigorous healthy plants with husky root systems. Order MN container and pot grown conifers.

	2¼" Pot	1-Gal.	5-Gal.
CEDRUS atlantica (seedlings). Atlas Cedar (6)17½	.60
Medium sized, handsome tree having rigid branchlets and gray-green foliage. These are grown from seeds and will vary somewhat in color and form.			
Cedrus atlantica glauca (seedlings). Blue Atlas Cedar (6)17½	.60
Similar to Cedrus atlantica except the foliage is a sparkling blue and more compact. Although the greatest effort was made to secure seeds from true parent trees, seedlings will vary somewhat in color and form.			
Cedrus deodara. California Christmas Tree (7)17½	.50	1.95
One of the finest large conifers for the southwest. Makes a tall spreading pyramid of fine silvery-gray foliage. It has a long, useful life as a small tub specimen. B & B 3' 2.75 4' 3.75			
Cedrus libani. Cedar of Lebanon (5)17½	.60
Similar to the Cedrus deodara, except its needles are shorter and more green. The Cedrus that has historical and biblical references.			
CUPRESSUS arizonica. Arizona Cypress (Seedlings) (6)12	.40	1.65
Tall, narrow, pyramidal conifer with bluish-green foliage. Does well on the desert and also along the coast.			
Cupressus arizonica pyramidalis (6)20	.50	1.95
A new very symmetrical, compact form of Arizona Cypress of an intense silvery-blue color. Make excellent dense pyramidal specimens without shearing. Cutting grown. 2-gal. 1.50			
Cupressus sempervirens glauca. Blue Italian Cypress (7)17½	.50	1.85
This is the best Italian Cypress. Makes narrow dense column of dark, bluish-green foliage. Cutting grown from especially choice specimens to insure true type. This one is so superior that we do not offer other types. 2-gal. 1.45			

MINIMUM QUANTITIES

Please do not order less than the following quantities of any one variety.

- 25 in 2" lining-out stock
- 25 in 3" lining-out stock
- 10 in 1-gallon containers
- 5 in 5-gallon containers

Please keep in mind that an order to be shipped by express, parcel post, or motor freight must total \$20.00 or more. This minimum also applies to local deliveries.

	2 1/4" Pot	1-Gal.	5-Gal.
GINKGO biloba. Maidenhair Tree (4)17 1/2	.50	1.95
A very tall-growing, spreading tree having light green, strangely dissected leaves, not easily affected by disease, dust, or smoke. The leaf pattern on this tree makes it different.			
JUNIPERUS chinensis armstrongii (3)20	.60	1.95
Fine, gray-green foliage, and more compact than Pfitzer's Juniper. Dwarf hardy variety. Useful shrub for foundation plantings, etc.			
3" pot35	2-gal.	1.45
Juniperus chinensis columnaris. Column Juniper (3)25	.60	2.25
Tall growing, columnar juniper with blue-green foliage. Makes a beautiful specimen.			
3" pot45	2-gal.	1.65 B & B 3' 2.50 4' 3.50
Juniperus chinensis hetzi glauca (3)17 1/2	.60	-----
The needles on this variety have a silvery-blue cast.			
Juniperus chinensis keteleeri. Keteleer Juniper (4)25	.75	2.50
Broadly pyramidal in habit with ascending branches. The loosely arranged foliage of bright green color adds accent to any grouping.			
3" pot45	2-gal.	1.75
Juniperus chinensis pfitzeriana. Pfitzer Juniper (3)17 1/2	.60	1.85
Very hardy, semi-erect juniper, gracefully spreading with soft, deep green foliage.			
3" pot35	2-gal.	1.45
Juniperus chinensis pfitzeriana Blue. Blue Pfitzer (3)20	.60	1.95
A sport of Juniperus c. pfitzeriana that is not only more compact, but is distinguished by its feathery, soft blue foliage.			
3" pot35	2-gal.	1.45
Juniperus chinensis pfitzeriana compacta. Compact Pfitzer (3)20	.60	1.95
Similar to the Juniperus pfitzeriana except that the habit of growth is extremely more compact and symmetrical.			
3" pot35	2-gal.	1.45
Juniperus chinensis sargentii (4)20	-----	-----
Most desirable with its bright green foliage. Low spreading vigorous growth makes it practical in many places.			
Juniperus chinensis torulosa. Hollywood Twisted Juniper (4)20	.60	1.95
This very artistic growing shrub combines well with modern architecture. The distinctive stems assume a twisted appearance. The green foliage is always very neat in appearance.			
3" pot35		
Juniperus chinensis torulosa variegata.			
Variegated Hollywood Juniper (4)		1.00	-----
Similar to Juniperus torulosa except it is slower in growth and the foliage is attractively accented with a creamy yellow variegation.			
Juniperus communis depressa plumosa (3)20	-----	-----
Very neat appearing gray-green foliage. Erect in growth forming a natural vase-shaped conifer.			
Juniperus com. hibernica fastigiata. Narrow Irish Juniper (6)17 1/2	.60	-----
Narrow and erect in growth, blue-green in color. Its neat appearance provides a multitude of uses.			

MONROVIA NURSERY COMPANY.....Monrovia, California

	2 1/4" Pot	1-Gal.	5-Gal.
Juniperus communis kiyoni Upright columnar growth. Foliage is a dense medium dark green.	.17 1/2	.60	-----
Juniperus communis suecica nana. Swedish Juniper (3) Columnar form with light bluish green foliage.	.20	.60	-----
Juniperus conferta. Shore Juniper (5) Prostrate and spreading, the attractive, light-green foliage is unaffected by sun or salt wind. It hugs the ground with arching branchlets. Very desirable.	.20	.60	1.95
Juniperus excelsa stricta. Spiny Greek Juniper (4) A narrow columnar, semi-dwarf juniper, with sharp, spiny foliage of glaucous blue color. Its dense formal growth makes it useful in many ways.	.17 1/2	-----	-----
Juniperus horizontalis glauca (3) Especially interesting for its low creeping habit of growth and blue-green color.	.17 1/2	.60	-----
Juniperus japonica San Jose. San Jose Spreading Juniper (4) One of the best prostrate junipers. Sage-green, compact foliage. Very desirable.	.25	-----	-----
Juniperus sabina horizontalis BarHarbor (3) Low growing. Foliage in summer a soft blue, turning in winter to a deeper blue with undertones of plum.	-----	.60	-----
Juniperus sabina tamariscifolia. Tamarix Juniper (3) Best known of the slow growing, low spreading junipers. Very hardy and useful for bank cover. Blue-green foliage.	.20	.60	2.00
3" pot35 2-gal. 1.50			
Juniperus scopulorum Chandler Silver (4) Pyramidal, compact form having an attractive, bluish-silver color.	-----	.75	2.50
Juniperus scopulorum erecta glauca (4) One of the finest of upright pyramidal junipers. Neat growing habits and feathery silver-blue foliage.	-----	1.00	2.50
Juniperus squamata meyeri (4) Has the advantage of appearing multi-colored. Excellent for informal plantings because of its bushy upright, irregular habit of growth.	-----	1.00	-----
Juniperus virginiana (seedlings). Eastern Red Cedar (2) Pyramidal, symmetrical tree with attractive foliage. Seedlings.	.15	.50	-----
3" pot25			
Juniperus virginiana burki. Burk Red Cedar (2) Narrow pyramidal and of course, dense, steel-blue foliage. In fall the color changes to an attractive reddish cast.	.25	.75	2.50
3" pot45 2-gal. 1.75			
Juniperus virginiana canaerti (2) Extremely rich, dark green foliage. Continues its rich color all year. Grows in pyramidal form. Very hardy.	.25	.75	2.50
3" pot45			
Juniperus virginiana glauca. Silver Red Cedar (2) Most outstanding feature is the silvery-blue color. One of the few evergreens that thrive over the entire country. Grows in pyramidal form. Trim to produce compactness.	.25	.75	2.50
3" pot45 2-gal. 1.75			

	2 1/4" Pot	1-Gal.	5-Gal.
Juniperus virginiana hillii. Dundee Juniper (2)75	2.50
Choice upright columnar juniper. Attractive gray-green foliage in the summer turning a plum color in the winter.			
Juniperus virginiana kosteri (2)20	.60	
Bluish-green in color with a low spreading habit of growth. Branches are long and rigid.			
LIBOCEDRUS decurrens. Incense Cedar (5)17 1/2	.50	1.85
Tall, compact, pyramid of deep green. Very symmetrical. Grows easily. A native of California.			
PINUS attenuata. Knob-Cone Pine (7)17 1/2	.50	
Picturesque tree of medium height with grayish foliage. Invaluable for hot dry locations.			
Pinus canariensis. Canary Island Pine (7)17 1/2	.50	1.85
Tall, slender pine tree making rapid growth. Long needles in large tufts make this a fine specimen. New growth silvery blue.			
Pinus halepensis. Aleppo Pine (7)17 1/2	.50	1.85
A fast growing pine recommended for dry locations. Needles bright green.			
Pinus mugo mughus. Swiss Mt. Pine (2)20		
A popular dwarf growing, many stemmed variety of an attractive shade of green. This is a variety of the Swiss Mountain Pine.			
3" pot35		
Pinus pinea. Italian Stone Pine (7)17 1/2	.50	1.85
Tall growing tree with long, spreading branches; forming in older trees a broad, flat-topped head. A tree of picturesque habit.			
Pinus radiata. Monterey Pine (7)17 1/2	.50	1.85
Fast growing pine for quick effects. Very bushy when young. Bright green needles. Makes a medium size picturesque tree when older.			
Pinus sylvestris. Scotch Pine (2)15		
One of the hardiest of pines. Good growing characteristics. Very picturesque.			
Pinus sylvestris regensis (2)15		
Same type of foliage as the Pinus sylvestris but is more erect. Taller in growth with longer deep green needles.			
PODOCARPUS elongatus (9)85	2.50
Beautiful, evergreen trees with long yew-like leaves having irregular structure and branchlets. The dark, blue-green leaves are soft and narrow.			
Podocarpus macrophylla. Yew Podocarpus (7)17 1/2	.50	1.95
One of the finest, evergreen, specimen shrubs. Often trained by slight pruning to make a tall, slender column of deep green narrow leaves.			
Podocarpus macrophylla maki (7)17 1/2	.50	1.95
Grows more compact and its yew-like leaves appear more rigid than Podocarpus macrophylla.			
Podocarpus nagi (7)20	.60	
Compact growth, bright green glossy leaves with violet tints when new. Grows larger than most podocarpus.			

	2¼" Pot	1-Gal.	5-Gal.
SEQUOIA gigantea. Giant Sequoia (6)25	.75	2.50
The "Big Tree" of the Sierras. Attractive, neat-looking blue-green foliage, forming a perfect cone as it grows. Grows slowly.			
3" pot45		
Sequoia sempervirens. Coast Redwood (7)20	.60	1.95
Tall, narrow evergreen tree producing a straight trunk with red-dish bark and narrow spreading, deep green foliage. Fast growing hardy conifer.			
TAXUS media hicksi. Hicks Yew (4)20	.75	
Evergreen, of very good conformation, upright in growth with ascending branches. Foliage is a bright dark green. This is a good item for foundation plantings.			
3" pot45		
THUJA occidentalis compacta (2)17½	.50	1.85
Pyramidal growth and compact, dense, dark green foliage.			
Thuja occidentalis douglasi (2)17½		
The foliage is short, dense and very green in color and is arranged in small curled or twisted clusters resembling a cockscomb.			
Thuja occidentalis elegantissima (2)17½		
Light green foliage with bright gold tips, pyramidal in growth with ascending branches.			
Thuja occidentalis pyramidalis. American Pyramidal Arborvitae (2)17½	.50	1.85
Very valuable for landscaping. Extremely well adapted for colder areas. Compact formal outline.			
Thuja occidentalis Woodward Globe (2)17½	.50	
Vigorous growing arborvitae forming a natural globe. Foliage a dark green and holds its color well through winter.			
Thuja orientalis (seedlings) (5)15		
Vigorous pyramidal growth. Golden green foliage.			
Thuja orientalis aurea nana. Dwarf Golden Arborvitae, Berckman's Golden Arborvitae (5)20	.50	1.85
Most popular dwarf arborvitae. Slow growing, dense and shaped like a pointed globe. Fern-like branchlets bright golden yellow all year around.			
3" pot35	2-gal.	1.35
Thuja orientalis bakeri. Baker's Arborvitae (5)17½	.50	1.85
A compact growing pyramidal arborvitae. Foliage has a light green color. Very good as a taller accent conifer. Better for hot, dry locations.			
3" pot35		
Thuja orientalis beverlyensis. Beverly Hills Arborvitae (5)20	.50	1.85
Slender growing conifer, bright golden yellow foliage.			
3" pot35	2-gal.	1.35
Thuja orientalis Blue Cone (5)17½	.50	1.85
Upright, pyramidal thuja with especially compact foliage having a blue cast that harmonizes well with other foliage.			
3" pot35		
Thuja orientalis Bonita Upright (5)17½	.50	1.85
A most perfect symmetrical cone-shaped green arborvitae never growing over 5-6' in height. Very desirable.			
Thuja orientalis burtoni (5)17½		
Good green foliage. Upright columnar growth.			

	2¼" Pot	1-Gal.	5-Gal.
Thuja orientalis compacta. Compact Arborvitae (5)17½	.50	1.85
Attractive, compact, globe-shaped conifer with bright green dense foliage.			
Thuja orientalis elegantissima (5)20	.50	1.85
Very bushy and wide at the base, narrowing sharply to the top. Bronzy golden green during summer and holds its color especially well during winter. 3" pot35			
Thuja orientalis excelsa (5)17½	.50	-----
Dwarf compact pyramidal form with bright green foliage.			
Thuja orientalis holmani (5)17½	-----	-----
Compact upright growth. Medium height. Good deep green foliage.			
Thuja orientalis pyramidalis. Green Pyramidal Arborvitae (5)17½	.50	1.85
Tall narrow pyramid of compact deep green foliage. One of the best arborvitaes for accent planting.			
Thuja orientalis stricta (5)17½	-----	-----
Neat appearing and pyramidal in growth. An attractive green color.			
WIDDRINGTONIA juniperoides (8)25	.75	-----
Tall symmetrical growing evergreen tree from South Africa. Blue-green foliage.

CAMELLIAS (8)

C. M. WILSON

PICTURE BLOOMS

FREE!! Lifelike artificial Camellia Blooms help you sell faster!

Your camellias don't have to be blooming to be fast sellers! MN artificial blooms (so realistic many customers think they're real at first glance) make them sell 12 months of the year. They make instant plant identification easy, too. They're in full color, water-resistant, fadeproof, last for six months or more! Each plant you purchase from the varieties marked with an "*" will carry one of the picture blooms. This applies to the 1, 5 or 7-gal. plants.

CAMELLIAS (8)

Of course you want the most profits from your Camellia sales—then, standardize on MN's Camellias. The difference is in the way they are grown—vigorous healthy plants that produce an abundance of large colorful blooms. Place your order today.

The varieties are listed alphabetically and coded "A" and "B" for price groups, as follows:

2 1/4" Pot	3" Pot	1-Gal. 1 yr.	1-Gal. 2 yr.	5-Gal. 1 yr.	5-Gal. 2 yr.	7-Gal. 1 yr.	7-Gal. 2 yr.

Purity

Minimum 10 plants of one variety—Maximum 50% of one variety

In the 50 Plant Package the Cost of Each Plant is 80c

In the 100 Plant Package the Cost of Each Plant is 75c

Each plant in this package is tagged with a "life-size" artificial bloom. Plants will be selected for quality entirely. We do not promise buds.

ESPALIERED CAMELLIAS

The following varieties are available: Bella Romana, Chandleri Elegans, Col. Firey, Grandiflora Rosea, Magnoliaeflora, Mathotiana, Pope Pius IX and Rose Dawn.

5 gallons6.00 ea.

- * **Adolphe Audusson Variegated.** **B**
 Very large, semi-double, dark red, spotted white flowers. A vigorous plant with a sturdy and compact habit of growth. Blooms midseason.
- * **Alba Plena.** **A**
 Large, formal double, white flowers with imbricated petals. A medium bushy shrub with spreading branches and glossy, light green foliage. Blooms early.
- Bella Romana.** **B**
 Light pink, profusely striped and splashed with carmine. Rose-form, double flowers of good size, excellent for corsages. Bushy, vigorous growth with large, light green foliage. Blooms midseason.
- * **Blood of China (Victor Emmanuel).** **B**
 Large, semi-double to loose peony form, deep salmon-red flowers. Vigorous, compact form of growth. Blooms late.
- * **Chandleri Elegans Variegated (Elegans Varieg.)** **B**
 Very large, high centered, anemone form with large petals. Rose-pink with large, irregular, white variegations. Prolific flowering. This is one of the largest and most spectacular of all camellias. Slow growing, with a spreading, bushy growth. Blooms midseason.
- * **C. M. Wilson (Grace Burkhard).** **A**
 Beautiful light pink sport of Chandleri Elegans. Anemone form. Blooms midseason. (See picture page 10.)
- * **Colonel Firey (C. M. Hovey) (Duc de Devonshire) (Solaris) (Firey King).** **B**
 Very large, formal double, dark red flowers with imbricated petals. One of the finest and most admired of red camellias. Slender growth with long, twisted, narrow, dark green leaves. Blooms midseason to late.
- * **Covina.** **B**
 Medium, semi-double, rose-red flowers freely produced over a long period. Vigorous, compact, bushy plants well suited to landscape planting. Foliage excellent, dark green. Will grow in sun. Fine for pot or tub specimen. Blooms midseason.
- * **Daikagura Variegated (Kiyosu).** **B**
 Large peony-type rose-red splotched white, with clusters of small petals in center. Slow, compact, upright growth and dull green foliage. One of the most popular of the variegated camellias. Blooms very early.
- * **Debutante (Sara C. Hastie).** **B**
 Large, light pink, tightly formed peony type. One of the most vigorous growers. Upright growth with heavily serrated, light green foliage. The finest pink peony-form. Blooms early to midseason.
- * **English Donckelari.** **B**
 Very large semi-double red marble white in varying degrees. Slow bushy growth. Blooms midseason.
- Eleanor Hagood.** **B**
 Medium to large formal double, pale pink flowers. Vigorous upright growth. Late.
- Emperor of Russia.** **B**
 A large, brilliant scarlet flower, having large petals around the outside, with smaller petals toward the center, making a multi-centered double to peony-form. Slow compact growth. Blooms midseason.
- * **Emperor Wilhelm (Gigantea) (Magnolia King).** **B**
 Huge, semi-double to peony form. Rich red flowers marbled white. Vigorous upright loose growth. Leaves large and dark green. Blooms midseason.
- General Dwight Eisenhower.** **B**
 Large, full peony to anemone form deep red. An upright, compact, and vigorous grower. Dark green shiny leaves. Blooms midseason.
- General George Patton.** **B**
 Bright Pink, large rose-form double. Vigorous upright open growth. Midseason to late.

- *Glen 40.** **B**
A beautiful, deep red, very large, formal to rose-form double with imbricated petals. Slow, upright, and a compact grower with an occasional variegated bloom on same plant. Blooms midseason to late.
- Glen 40 Variegated.** **B**
Deep red blotched white, large formal to rose-form. Slow compact upright growth. Midseason to late.
- *Grandiflora Rosea.** **B**
The largest, semi-double deep pink. Vigorous, bushy growth, with shining, pointed dark green foliage. Blooms midseason.
- H.E.R. Collection.** **Not Labeled**
Mixed varieties only. Plants in this collection are all from fine types, no seedlings. You will find many excellent and choice varieties among these plants.
- 2" pot** **.20** **3" pot** **.30** **1-gal.** **.65** **5-gal.** **1.75**
- *High Hat.** **B**
A soft, shell-pink sport of the old favorite Daikagura with large, peony-form blossoms. A slow, compact, upright grower with dull green foliage. Blooms early to midseason.
- J. H. L. Patchett.** **B**
White streaked red, medium open semi-double. Round dark green leathery foliage. Vigorous upright compact growth. Midseason to late.
- *Jordan's Pride (Herme) (Hikaru-Genji) (Souv. de H. Guichard).** **B**
Our improved strain is predominantly double peony centered. A striking, light pink with an irregular, white margin and streaked with deep pink. Profuse blooming even while young. One of the few fragrant camellias. Blooms in midseason.
- Joshua Youtz (White Daikagura).** **A**
Large peony to formal double, white. Slow compact growth. Early.
- *Kumasaka (Lady Marian) (Jeanne Kerr).** **B**
A bright, rose-pink with slightly darker shades along the veins of the petals. Our strain is predominantly double peony centered. Free flowering, even while young. Excellent for cutting. Midseason to late.
- *Laurel Leaf (Lallarook).** **B**
Full double, imbricated, large, pale pink flowers, softly marbled white. The outer petals are a deeper pink. Slow and compact in growth, the foliage resembles that of a Laurel. Blooms midseason to late.
- Lauren Bacall (H. A. Downing).** **B**
Rose-red veined blood red large semi-double. Medium compact upright growth. Mid-season.
- Lena Jackson.** **B**
Blush pink, large formal to rose-form double. Medium vigorous bushy growth. Mid-season.
- Mme. Hahn.** **B**
Bright pink, large semi-double. Vigorous upright growth. Midseason.
- *Magnoliaeflora (Southern).** **B**
Medium large semi-double blush pink. Compact upright growth. Blooms midseason.
- *Margarete Hertrich.** **B**
One of the most beautiful camellias. It is a vigorous, upright compact grower and produces large formal double white flowers during midseason. One of the outstanding characteristics of its flower is its ability to retain its fresh appearance after being picked for a number of days.
- Margaret Jack (Findlandia Varieg.)** **B**
Large fluted semi-double white-streaked crimson. Blooms early to midseason.
- Marjorie Magnificent.** **A**
Light pink, medium, semi-double to anemone form. Medium compact growth. Early to midseason.

- Martha Brice.** B
Light lavender-pink, large semi-double to anemone form. Medium spreading growth. Midseason.
- Mary Charlotte.** B
Light pink, medium large flat anemone form. Vigorous compact upright growth. Midseason.
- *Mathotiana (Julia Drayton) (Purple Dawn) (William S. Hastie) (Purple Emperor).** B
One of the largest and most spectacular red camellias. Brightest scarlet, double, rose form with unusually large textured and veined petals. A handsome shrub of vigorous, compact growth and dark green leaves. Occasionally this variety will show a spot of white on the bloom. Blooms midseason to late.
- *Monjisu (California Donckelari Var.)** B
Semi-double, cherry-red flowers marbled with white. Very bushy growth. Young plants bud heavily. Blooms midseason.
- Morning Glow.** B
White, large formal double. Vigorous upright compact growth. Early to midseason.
- Mrs. Charles Cobb.** B
Large, dark red, semi-double to loose peony-form. A fast, upright, spreading, symmetrical grower with light green, glossy foliage. Blooms midseason.
- Mrs. Howard Asper (Hana-Fuki).** A
Soft pink, large single to semi-double. Midseason.
- *Mrs. Tingley.** B
Large formal double salmon-silver pink. Very compact growth. Blooms midseason.
- *Nagasaki (Lady Audrey Buller) (Candida elegantissima) (Mikenjaku).** B
Very large, semi-double, rose-pink marbled white with large ruffled petals. Slow, spreading growth, with an abundance of dark green foliage. Blooms midseason.
- Pearl Maxwell.** A
Soft shell pink, large formal double. Vigorous compact growth. Midseason to late.
- *Pink Perfection (Frau Minna Seidel) (Usu-Otome).** B
Medium, formal double flowers of soft shell pink. Petals imbricated. A long season bloomer. One of the most popular of all camellias. Vigorous shrub with erect growth and rounded glossy leaves. Blooms early to midseason.
- *Pope Pius IX (Imbricata Rubra Plena) (Prince Eugene Napoleon)** B
Large, formal double, red flowers with imbricated petals. Upright, compact growth. One of the finest reds. Blooms midseason.
- Prince Fredrick William.** B
Large formal double, delicate pink striped crimson. Midseason.
- Prof. C. S. Sargent.** B
Medium sized, dark red, full peony type flower with ball of incurved petals edged with a frill of broader petals. Vigorous, bush and upright. Very popular variety. Blooms midseason.
- *Purity (Neige Doree) (Shiragiku).** B
Our strain is predominantly formal double. This pure white, symmetrical flower is one of the finest and most popular white camellias. Blooms midseason to late.
- *Rosedale's Beauty (Trade Mark Reg.)** B
This variety lends a touch of sparkling beauty to your garden every month of the year. The foliage is the finest of any Camellia—large deep-green lustrous leaves and the double flowers are a spectacular deep bright red.
- Rose Dawn (Davis Rose Dawn).** B
A pleasing, deep rose pink flower, formal to rose form in type. Vigorous, spreading growth. Blooms midseason.
- Te Deum (Dr. Shepherd) (Firegold) (Moragne).** B
Large, beautiful, deep red flowers of peony form. Very attractive. Lustrous, dark green foliage, loose habit of growth. Blooms midseason.

GENERAL SHRUB LIST

	2¼" Pot	1-Gal.	5-Gal.
ABELIA Edward Goucher. Pink Abelia (6)15	.40	1.65
One of the most useful shrubs as it can be confined to any desired size and can grow in most any location. The shiny, deep green leaves are tinted with an amber hue. The dainty, clear pink flowers are produced all summer. Evergreen in warmer areas.			
Abelia grandiflora. White Abelia (5)15	.40	1.65
A very hardy shrub of medium size with graceful, arching branches clothed in deep green, shiny, small leaves; new growth is reddish. The white flowers are borne most of the summer. Evergreen in warmer areas.			
Abelia grandiflora prostrata (Pat. Pending).			
Prostrate White Abelia (6)30	.60	
Excellent for ground covers and bank plantings. Foliage and flower similar to old favorite Abelia grandiflora, but is a low growing horizontal type.			
ACACIA latifolia. See Tree Section.			
ACALYPHA wilkesiana. Chenille Plant (10)17½	.50	
This vigorous, evergreen shrub with dense, multicolored foliage is excellent for creating tropical effects. The basic, bronze-green foliage is accented with variations of white, orange, red and brown.			
ACANTHUS mollis. Grecian Pattern Plant (8)17½	.45	1.65
Handsome, evergreen shrub of sturdy character. Large, glossy, black-green leaves are excellent for creating a tropical effect. Prefers shade.			

2 1/4" Pot 1-Gal. 5-Gal.

ACER palmatum. See Tree Section.

Acer palmatum atropurpurea. See Tree Section.

ADENOCARPUS foliosus. Canary Island Lupine (9)17 1/2 .45 -----

In the spring masses of bright yellow flowers appear on long spikes that resemble the lupine. This evergreen shrub, with its feathery foliage, has many uses and is especially valuable in semi-desert areas.

ADINO rubella (6)17 1/2 .45 -----

This variety grows similar to the Abelia. The foliage is fine and bronzy with attractive ball-shaped lavender flowers resembling clover blooms.

AGAPANTHUS africanus (A. umbellatus). Blue Lily of the Nile (9) .15 .40 -----

A hardy perennial producing dense masses of long dark green amaryllis-like leaves. The long stems bear umbels of lovely blue flowers in summer.

ALPINIA nutans (A. speciosa). Shell Ginger (10)50 1.75

Tropical masses of tall, spear-like leaves that have a spicy fragrance. The orchid-like flowers are mottled yellow and pink.

ALSTONIA yunnanensis (9)45 -----

This evergreen shrub bears heads of small, pink flowers during the spring and early summer. Its leaves are heavily veined.

ALSOPHILA australis. Australian Tree Fern (10) ----- 3.50

Beautiful, slender, graceful stems and spreading light green fronds make it most effective in tropical settings. Does best in light shade.

ALTHAEA alba (Hibiscus syriacus alba). Rose of Sharon (5)17 1/2 .50 1.65

A popular, deciduous shrub of the Hibiscus family. Snow-white flowers brighten the shrub during the summer.

Althaea Colie Mullens. Rose of Sharon (5)17 1/2 .50 1.65

Vigorous shrub of the Hibiscus family, producing double lavender flowers. Deciduous.

Althaea Pink Delight (5)17 1/2 .50 -----

A popular member of the Hibiscus family. Double soft pink flowers. Deciduous.

AMYGDALUS alba nana (Prunus glandulosa).

Dwarf White Flowering Almond (2)15 .40 -----

Deciduous shrub 3 to 5 feet high deserving a prominent place in the planting because in spring before the leaves appear it is a mass of dainty double pure white flowers.

Amygdalus rosea nana (Prunus glandulosa). Dwarf Pink

Flowering Almond (2)15 .40 -----

This is a heavy seller in the spring. Containers showing the plants in bloom never fail to attract attention. Like the White Almond except the flowers are dainty pink. Very hardy.

ANISACANTHUS thurberi (8)17 1/2 .50 -----

A low growing compact evergreen shrub with attractive olive green foliage. Terminal clusters of bright orange, tubular flowers are produced freely through spring and summer. Thrives at coast or desert.

ARALIA elegantissima (Dizygotheca elegantissima). (9)95 3.50

3" pots50

An evergreen shrub that lends an exotic touch to any planting. Its dull, deep green, heavily serrated leaves fit in well with modern trend in architecture.

	2 1/4" Pot	1-Gal.	5-Gal.
Aralia moseri (8)75	2.25
This new Aralia is similar to sieboldi, but is a more compact grower and the leaves are larger. Excellent for creating tropical effects.			
Aralia papyrifera (Tetrapanax papyrifera). Rice Paper Plant (9)17 1/2	.60	1.95
A shrub or small tree used for a tropical effect. Leaves are silvery-green and very large. Good tub specimen for patios.			
Aralia sieboldi (Fatsia japonica). Glossy-leaved Rice Paper Plant (8)15	.40	1.65
Dwarf growing evergreen shrub. Foliage deep green and glossy. Makes an excellent plant for patio planting in open ground or pots. Prefers some shade.			
ARBUTUS unedo. Strawberry Tree (7)15	.45	1.65
Hardy, evergreen shrub growing 8 to 10 feet with serrated, deep green leaves and brilliant red fruit in winter similar to strawberries. Creamy white, bell-shaped flowers appear in early spring. Sells best in spring and fall.			
Arbutus unedo compacta. Compact Strawberry Bush (7)60	1.95
Similar to arbutus unedo in every way except it grows more compact.			
ARDISIA japonica (6)17 1/2	.60	-----
This plant is very popular because of its bright red berries produced in fall and winter. The large leathery leaves of deep green make it attractive. Requires shade.			
ASPARAGUS plumosus. Asparagus Fern (9)17 1/2	.45	-----
Small vine with dainty fern-like plumes of foliage. Much used as a bouquet filler and ideal for shady spots in patios or in the open ground.			
Asparagus sprengeri (9)17 1/2	.45	-----
Leaves about 3/4 of an inch long on long, arching branches making a fluffy mound of green foliage. Beautiful in hanging baskets.			
ASPLENIUM bulbiferum (10)75	-----
Beautiful fern with 18" fronds. Requires ample warmth and moisture. Excellent for any tropical plantings. 3" pot35			
ASTER frikarti. Wonder of Stafa (5)50	-----
One of the finest perennial plants. With its violet-blue flowers it's an impressive sight from June to December. Full sun or part shade. Flowers are larger than Aster fruticosus.			
Aster frikarti Jungfrau (5)50	-----
Low growing perennial that cannot be surpassed for the bright blue lavender flowers that appear during the summer.			
Aster fruticosus. Shrub Aster (9)15	-----	-----
A small, evergreen shrub that is completely covered all spring with masses of deep lavender flowers. Likes full sun.			
AUCUBA japonica variegata. Gold Dust Plant (7)17 1/2	.50	1.95
Small to medium-sized, compact evergreen shrub with large, green, glossy leaves splashed with gold. Splendid for tropical effect. Shade-loving.			
AZARA microphylla. Boxleaf Azara (9)20	.50	-----
Medium-sized evergreen shrub, with slender stems that droop gracefully. Small fragrant yellow flowers with chocolate fragrance appear in the fall and spring.			
BAMBURANTA (10)75	2.50
Tropical shrub combining the Maranta leaves and Bamboo habit of growth. Excellent for "blending in" the tropical atmosphere. Used in planters.			

	2 1/4" Pot	1-Gal.	5-Gal.
BAUHINIA galpini. Scarlet Bauhinia (9)25	.60	2.50
A splendid South African evergreen shrub for use in the warmer areas. Clusters of brick-red flowers are produced freely.			
BEGONIA richlandi (10)20	.60	-----
Similar to Begonia Mme. Waterloo except the leaves are larger and less red.			
BELOPERONE tomentosa. Shrimp Plant, False Hops (10)15	.40	1.65
Dwarf, everblooming, evergreen shrub making a mass of shrimp-like flowers consisting of terra cotta colored scales overlapping to appear like a shrimp.

BOUVARDIA FIRE CHIEF

	2¼" Pot	1-Gal.	5-Gal.
BERBERIS juliana. Wintergreen Barberry (5)	----	.60	-----
A promising holly-like evergreen shrub with neat habit of growth. Attains a height of about 6 feet.			
Berberis mentorensis (3) (Pat. No. 99)20	.50	1.75
Excellent as a specimen plant or as a hedge. A vigorous upright grower able to endure extreme weather conditions. Leaves are large, thick and deep green.			
Berberis thunbergi. Japanese Barberry (3)15	.40	-----
A neat compact deciduous shrub with dense dark green foliage and bright red winter berries. Makes an excellent hedge or specimen plant. Leaves turn rich red in fall. Very hardy.			
Berberis thunbergi atropurpurea. Red leaf Japanese Barberry (3)15	.40	1.65
Same as above except the foliage is an attractive bronzy-red all summer. They become a deep amber-red in the fall.			

	2 1/4" Pot	1-Gal.	5-Gal.
BOUGAINVILLEA Temple Fire. Red Bush Bougainvillea (10)30	.60	1.95
A new introduction. The amazing characteristic of this variety is its tendency to grow as a bush—compact and uniform. Deep red flower-bracts are produced continually during warm weather. Can be used as a hedge. 3" pot45			
BOUVARDIA Albatross (10)17 1/2	.50
This low growing evergreen shrub is the finest, white flowering Bouvardia and is sweetly fragrant. The flower tubes are very long, and the petals are wide spreading. An improved humbolti.			
Bouvardia Fire Chief (10)17 1/2	.50
This low growing evergreen shrub has clusters of bright red, tubular flowers which bloom most of the year. Takes full sun or semi-shade. One of the finest bouvardias. (See picture page 19.)			
BRACHYSEMA lanceolatum. Scimitar Plant (9)50
Small, compact, evergreen shrub, unusually beautiful during the spring when it is covered with quantities of red flowers resembling sweet peas.			
BRUNFELSIA calycina floribunda. Yesterday, Today and Tomorrow (8)20	.50	1.75
A very fine shrub for specimen planting for spring bloom. Has attractive foliage and flowers are sweetly scented. Open deep violet and fade to light violet or white. Sun or shade. 3" pot35			
Brunfelsia calycina lindeniana (8)			2.50
Like Brunfelsia floribunda, except leaves are a richer green and the flowers a richer purple with a lavender blue ring around the center of the white eye.			
BUDDLEIA alternifolia. Lavender Butterfly Bush (4)15	.40
Spikes of lilac purple flowers provide a mass of color during spring and summer.			
Buddleia Fascinating. Pink Butterfly Bush (4)15	.40
This beautiful buddleia bears long spikes of graceful cattleya-pink blooms during late summer and fall. The more they are cut, the more new spikes of flowers appear. Deciduous.			
BUXUS harlandi. Korean Boxwood (5)15	.50
Evergreen shrub that is neat and compact in growth. Endures more cold than Buxus japonica, and foliage is a darker green.			
Buxus microphylla japonica. Japanese Boxwood (8)40	1.85
Because of its close growing habit, small bright green leaves and the fact that it withstands shearing better than most plants, boxwood becomes the finest shrub for use in hedges, topiary (globes, pyramids, etc.) and specimen plantings.			
5-gallon globes 1.75	B & B Pyramids 15"		1.95
5-gallon pyramids 1.75	B & B Pyramids 18"		2.50
B & B Globes 12" 1.95			
Buxus microphylla rotundifolia (8)15	.40
Similar to buxus japonica, but with larger and deeper green leaves.			
Buxus sempervirens. English Boxwood (5)17 1/2	.50
Aristocratic evergreen small growing compact shrub. Splendid for small hedges and borders.			
CALADIUM esculentum (Colocasia esculenta). Elephant's Ear (9)60	1.75
A tuberous plant from the tropics. Its large, bright green leaves are spectacular. Some attain a length of 3 ft. Prefers rich soil and partial shade—used for tropical effects in landscaping.			

	2¼" Pot	1-Gal.	5-Gal.
CALLIANDRA guildingi. Trinidad Flame Bush (10)20	.50	1.75
Semi-tropical, evergreen shrub having a distinct, semi-lacy foliage. Attractive, scarlet fluffy ball-shaped flowers appear in the latter part of the spring and summer.			
Calliandra inequilatera. Pink Powder Puff (10)		1.25	3.50
A very popular tropical plant for its fine feathery graceful foliage. Brilliant pink stamens appear like large powder puffs.			
CALLICARPA giraldi. Beauty Berry17½	.50
Large growing shrub with interesting leaves. Beautiful pink flowers form in clusters resembling Verbena blossoms.			
Callicarpa japonica. Beauty Berry (5)17½	.50
Enjoyed for its ornamental pink flowers and reddish berries in the fall. Deciduous shrub.			
CALLISTEMON lanceolatus (C. citrinus splendens)			
Red Bottlebrush (8)20	.50	1.75
This medium-sized bushy evergreen shrub bears masses of fluffy bright red flowers most of the year. New growth of pronounced reddish tones matures to a shining green. Hardy, sun-loving and drought resistant, this new Bottlebrush is one of our finest landscape plants.			
2-gal. 1.35 5-gal. Espalier 4.50			
Callistemon viminalis. Weeping Bottlebrush (8)15	.40	1.75
Tall slender shrub or small tree with slender, semi-weeping branches. Cascades of bright scarlet bottlebrush blooms. Grows in sun.			
CARISSA grandiflora. Natal Plum (9)15	.45	1.65
Exceptionally fine evergreen ornamental of neat growing habit. Almost continuously sprinkled with its waxy, white flowers. The bright green glossy foliage and fragrant flowers help make this an excellent all-round plant.			
Carissa grandiflora prostrata. Prostrate Natal Plum (9)17½	.50	1.75
Low spreading shrub. Good for banks and ground covering. Like the above in every respect except in the habit of growth. Excellent foliage shrub.			
Carissa grandiflora Tuttlei (9)17½	.50	1.75
Definitely superior as its rich green foliage is very compact and spreading. This variety originated at the Tuttle Bros. Nursery in Pasadena, California.			
Carissa grandiflora horizontalis. Natal Creeper (9)17½	.50	1.75
An improved low growing Carissa—especially compact and prostrate.			
CASSIA artemisioides. Feathery Cassia (9)17½	.45	1.75
A grand, little shrub for dry, sunny places where the rounded form of feathery, silvery, gray foliage and bright yellow, fragrant flowers show to advantage. Will stand dry, almost desert conditions, with little water, and is equally useful in the coastal areas as well.			
Cassia splendida. Golden Wonder (9)25	.60	1.95
Through the entire winter, this interesting bush or small tree produces quantities of large golden yellow flowers in long racemes. Evergreen 6 to 8 ft. tall.			
CEANOTHUS horizontalis. Carmel Creeper (9)25		
A low, creeping variety. Its light green foliage is practically hidden by spikes of deep blue flowers in March and April.			
Ceanothus Marie Simon (8)20	.60	
Hardy vigorous shrub producing flesh-colored flowers. Deciduous.			

	2¼" Pot	1-Gal.	5-Gal.
Ceanothus Mountain Haze. California Lilac (9)20	.60	1.95
This new hybrid is exceedingly versatile and capable of standing dry weather and poor soil conditions.			
This brilliant blue mass blends with the dark green foliage to produce the effect which gave the hybrid its name.			
Ceanothus purpureus. Hollyleaf Ceanothus (9)25	---	---
Through late spring and summer this shrub displays unusually deep dark blue colored flowers. Especially medium upright growth with deep green leathery leaves. Very desirable.			
Ceanothus Sierra Blue. California Lilac (9)20	.60	1.95
The amazing thing about Sierra Blue is the size and brilliance of its blooms. Flower clusters actually become as large as those of the eastern lilac. The color is a sharp, bright blue, a most pleasing color.			
CENTAUREA cineraria. Dusty Miller (7)	---	.45	---
Low growing, silvery gray foliage. Bright yellow flowers. Excellent for accent.			
CERATOSTIGMA larpentiae (C. Plumbaginoides).			
Dwarf Blue Plumbago (7)15	.40	---
Low shrub or woody perennial making a creeping growth not over 6 or 8 inches. For semi-shade or sun where it covers itself with brilliant rich blue flowers in fall or late summer.			
Ceratostigma willmottianum. Dwarf Chinese Plumbago (7)17½	.45	---
Low-growing shrub with clusters of intensely blue flowers produced most of the year.			
CESTRUM PARQUI. Night Scented Jasmine (10)15	.40	---
By day just an ordinary, dense growing shrub with pleasant, light green foliage and insignificant, light yellow, tubular flowers but by night one of the most strikingly fragrant shrubs grown in this region.			
CHAMAELAUCIUM ciliatum. Geraldton Wax Flower (10)20	.60	1.85
Medium to large evergreen shrub with graceful, arching branches covered with heather-like foliage and showy sprays of waxy, rose colored flowers. Foliage has distinct lemon scent.			
CHEILANTHES gracillima. Lace Fern (9)	---	1.75	---
A vigorous low growing fern which endures more extremes than most ferns. Has interesting tufted spreading fronds.			
CHIMONANTHUS praecox grandiflora. Wintersweet (8)17½	.45	---
Very desirable flowers produced during winter season. Flowers resemble small magnolia blooms. Intensely fragrant. Deciduous yellow flowers.			
CHOISYA ternata. Mexican Mock Orange (7)17½	.50	---
A very fine, hardy evergreen shrub with glossy, green leaves of three leaflets each, and fragrant, white flowers in a showy cluster. Specimens densely globular. Sun or shade. B & B 15"			
	1.85		
CHORIZEMA varium. Flame Pea Shrub (9)15	.40	---
Low growing, evergreen shrub with dark green, smooth edged leaves and showy sprays of pea shaped flowers in winter and spring. Flowers are bright orange-red and reddish purple. Sun.			

	2¼" Pot	1-Gal.	5-Gal.
CIBOTIUM chamissoi. Hawaiian Tree Fern (10)		2.00	4.50
Exotic tree fern that blends perfectly with modern tropical plantings. Requires shade and abundance of moisture.			
CISTUS corbariensis (C. hybridis). White Rock Rose (8)15	.45	1.65
Small, free-flowering evergreen shrub. Soft ivory-white. Excellent for banks and windy location.			
Cistus Doris Hibberson. Pink Rock Rose (7)20	.60	1.85
Attractive, compact, evergreen shrub with delicate, clear pink flowers. Will withstand much abuse. Especially adapted for sunny, dry locations.			
Cistus ladaniferus maculatus. Brown Eyed Rock Rose (8)15	.45	1.65
Low, spreading evergreen shrub with deep green, narrow foliage and covered with large, white flowers. Each petal shows a prominent, deep brown spot at the base. For dry soil and sun.			
Cistus laurifolius. Laurel Rock Rose (7)17½	.50	---
Strong growing evergreen shrub. Beautiful waxy white flowers with a yellow base appear in late spring.			
Cistus purpureus. Orchid Rock Rose (8)20	.45	1.65
Compact, evergreen shrub with neat habits of growth. Flowers are rose-purple, with yellow base and maroon spots.			
CITRUS aurantifolia Rangpur Lime (9)17½	.50	1.85
A splendid combination fruiting ornamental. Beautiful, orange-red fruits that are tangerine shaped. Dwarf.			
Citrus calamondin. Philippine Lime (9)20	.50	1.85
Dwarf shrub with light green, small leaves, fragrant, white flowers followed by round, orange-red fruits 1½ inches in diameter. Makes an excellent marmalade. Most resistant to cold of any citrus.			
Citrus limonia Meyer Lemon. Dwarf Lemon (9)17½	.50	1.85
Perhaps the finest ornamental shrub of the citrus family. Makes a rounded, medium size shrub with excellent foliage and fragrant lavender to white flowers. Produces lemons of table quality almost the year round. 5-gal. Espaliered 4.50

CAMELLIAS—PAGE 11

ORNAMENTALS—PAGE 18

Citrus Pomeroy. Dwarf Citrus (9)25		
Seedlings that should be used for root stock for dwarfing other varieties of Citrus.			
CLERODENDRUM balfouri. Bleedingheart Glorybower (6)20	.50	
A twining evergreen shrub, producing crimson flowers.			
Clerodendrum trichotomum (6)25	.75	
Graceful in growth, produces large, fragrant lavender flower stalks.			
Clerodendrum bungei (C. foetidum). Cashmere Bouquet (9) . .	.17½	.50	1.75
Dwarf, spreading evergreen shrub with fairly large, deep green, toothed leaves and fragrant clusters of rose red flowers 4 to 8 inches across in ball shaped heads.			

2 1/4" Pot 1-Gal. 5-Gal.

CLETHRA arborea—See tree section.

CNEORUM tricocon. Spurgeolive (8)20 .50 -----
A small shrub (3 to 4 ft.) producing deep yellow flowers and red berries. Evergreen.

COCCULUS laurifolius (8)17 1/2 .50 1.75
The glistening, green leaves which are heavily veined and its graceful, arching manner of growing make this hardy, evergreen shrub highly desirable.

CONVOLVULUS cneorum. Silver Bush Morning Glory (7)17 1/2 .45 -----
Dwarf compact evergreen shrub with soft silvery foliage. Masses of white morning glory flowers edged with pink make a beautiful display through late spring and summer. An excellent sun-loving shrub for pot, specimen or border planting. Drought resistant.

Convolvulus mauritanicus. Morocco Glorybind (9)15 .40 -----
Trailing perennial making compact mounds of gray-green foliage and covered from spring to fall with inch-wide lavender blue flowers. For rockeries, hanging baskets, porch boxes, or the perennial border.

COPROSMA baueri. Mirror Plant, Looking Glass Plant (10)15 .40 1.65
A medium size shrub planted mostly for the extremely glossy deep green foliage. Adaptable to all but the coldest areas.

CORREA magnifica (9)20 .60 -----
Similar to Correa Pulchella, except growth is more erect and larger; also, foliage has bronzy tint. Flowers are a chartreuse color.

Correa pulchella (C. Speciosa). Australian Fuchsia (9)17 1/2 .50 1.85
Compact shrub growing to a height of 2 1/2 feet, but spreading considerably more with small, gray-green leaves and wide, flaring pink flowers resembling small bells. Plant in sun in a well-drained soil.

COTONEASTER apiculata. Cranberry Cotoneaster (4)20 .50 1.75
Horizontally spreading deciduous shrub with apple blossom pink spring flowers and red berries retained well into winter. Excellent for bank planting.

Cotoneaster dammeri (5)20 .50 -----
Glossy foliage in the spring and summer. Horizontal habit of growth.

Cotoneaster decora. Necklace Cotoneaster (5)17 1/2 .45 -----
Low spreading evergreen shrub. Bright red berries appear in the fall.

Cotoneaster divaricata (5)15 .40 1.65
A hardy upright Cotoneaster—native of China. Few shrubs can equal its glorious autumn coloring. Red berries are retained well into winter. Deciduous.

Cotoneaster heterophyllum (5)45 -----
Upright and compact in growth. The unusual characteristic is the intense glistening foliage.

Cotoneaster glaucophylla. Gray-Leaved Cotoneaster (6)17 1/2 .50 1.75
A semi-evergreen medium to large shrub with small gray-green leaves on graceful arching branches. White spring flower clusters and red winter berries. Excellent for specimen planting or as a sheared formal hedge.

Cotoneaster horizontalis (C. Davidiana). Rock Cotoneaster (5)15 .40 1.65
Low, spreading deciduous shrub with arching stems lined with small, round leaves. White flowers in spring are followed by bright red berries in fall and winter. In fall the leaves turn bright red. For the rock garden or as a bank cover in dry, sunny places.

	2 1/4" Pot	1-Gal.	5-Gal.
Cotoneaster multiflora (5) -----	.20	.50	1.75
Upright growing deciduous shrub of medium height. Berries turn bright red in the fall.			
Cotoneaster pannosa. Silverleaf Cotoneaster (6) -----	.15	.40	1.65
Medium size evergreen shrub with small, silvery-gray leaves with lighter undersides. White flowers followed by bright red berries in fall and winter. Grows well anywhere from coast to desert areas.			
Cotoneaster parneyi. Red Clusterberry (7) -----	.15	.40	1.65
Large growing shrub with luxuriant deep green foliage the year around. Brilliant red berries.			
Cotoneaster praecox (5) -----		.50	
Deciduous shrub. Horizontal in growth.			
Cotoneaster zabeli. Cherryberry Cotoneaster (5) -----	.17 1/2	.45	1.65
A popular shrub upright in growth. Pink flowers in the spring. Red berries in the fall.			
CROTALARIA agatiflora. Canarybird Bush (10) -----	.20	.50	1.85
Large shrub, foliage light green and long arching branches lined with chartreuse flowers which resemble very closely canary birds. Sun.			
CYDONIA japonica (Chaenomeles). Flowering Quince (4)			
Small bushy deciduous shrubs with glossy dark green foliage. Masses of "one inch" apple blossom-like flowers completely clothe the branches in winter and early spring.			
Cydonia Charming -----	.20	.50	
Rose pink.			
Cydonia japonica minerva -----	.20	.50	
Large red flowers.			
Cydonia japonica rosea. Pink Flowering Quince -----	.17 1/2	.45	
Cydonia japonica rubra. Red Flowering Quince -----	.17 1/2	.45	
Cydonia japonica scarlet. Scarlet Flowering Quince -----	.17 1/2	.45	
Cydonia Shell Pink -----	.20	.50	
Cydonia japonica Texas Scarlet -----	.20	.50	
Produces large scarlet flowers.			
DAPHNE odora marginata. Pink Daphne (8) -----		.95	
A very attractive, slow growing, compact shrub, that has glossy leaves edged with ivory, and the most sweetly fragrant flowers of waxy pink fading to white.			
DEUTZIA gracilis (4) -----	.17 1/2	.40	
Graceful medium growing shrub 2 to 3 ft. in height. Flowers are pure white. Deciduous.			
DIOSMA pulchrum (Coleonema pulchrum). Pink Breath of Heaven (9) -----	.15	.40	1.65
Compact 2 1/2 to 3 ft. rounded evergreen shrub with heather-like, light green foliage covered in late winter and early spring with quantities of tiny, star-shaped, pink flowers.			
Diosma reevesi. White Breath of Heaven (10) -----	.17 1/2	.45	1.65
Like the Pink Breath of Heaven with dark green foliage and star-shaped white flowers in spring. Not quite as hardy as the Pink Diosma.			
DOMBEYA wallichii. Pink Ball Dombeya (9) -----	.20	.50	1.75
A large shrub with interesting foliage. Produces lavender-pink ball-like flowers 3" to 5" across.			

	2¼" Pot	1-Gal.	5-Gal.
DURANTA stenostachya. Brazil Skyflower (10)15	.45	1.65
Medium to large shrub with arching branches covered with an attractive light green, glossy foliage and racemes of light blue flowers all summer. Sun or partial shade.			
ELAEAGNUS philippensis (8)20	.50	1.75
A graceful, silver-leaved plant of medium size suitable for either specimen or foundation use. The flowers are not spectacular, but are followed by attractive, bright red fruit. Evergreen.			
Elaeagnus pungens. Silverberry (6)17½	.45	1.75
A large spreading shrub that has its stems and leaves covered with frosty shiny scales. The large silver-bronze berries also have a frost-like tint.			
Elaeagnus pungens fruitlandi. Fruitland Silver Berry (6)50	1.75
Large spreading shrub. Leaves and stems covered with shiny scales. Grows well by the ocean or inland.			
ENTELEA arborescens (9)60	1.95
A large leaved evergreen shrub or small tree bearing clusters of white flowers "one inch" in size.			
ERICA codonodes alba (E. lusitanica). White Heather (9)17½	.50	1.75
An upright heather covered with lavish sprays of white bell-shaped flowers in early spring. One of the hardiest heathers.			
Erica John McLaren. Pink Heather (9)17½	.50	1.75
Of the same type as hieliana but flowers are a lovely shade of pink. Low, compact shrub. Blooms twice a year.			
Erica Mediterranea Hybrid (8)17½	.50	-----
Rose-lavender, bell-shaped flowers that bloom in winter and early spring are borne profusely along the branches.			
Erica melanthera rosea. Pink Scotch Heather (9)17½	.50	1.75
Medium to tall evergreen shrub with fine, billowy masses of tiny leaves and equally numerous rosy-pink flowers with black "eyes". Hardy. Plant in sun and well drained soil. Most popular heather.			
Erica melanthera rubra. Red Scotch Heather (9)17½	.50	-----
Deep, rose-red flowers that bloom from October to February. Plant in sun and well drained soil. A very choice shrub.			
Erica vagans Maxwell (8)17½	.50	-----
The mild, green, feathery foliage is enhanced by cone-like spikes of bright, tubular, rose-red flowers that appear in early spring. Upright, medium sized shrub. New and promising.			
ERYTHRINA bidwilli. Coral Tree (10)25	.75	2.25
A hybridized Erythrina resulting in exotic, red, bird-like flowers that bloom in the summer. The plant itself is very fascinating.			
Erythrina crista-galli (8)17½	.50	-----
Long spikes of pear-shaped brilliant red flowers appear all summer and fall on this semi-deciduous large shrub or small tree. Excellent as a specimen or for background planting.			

Ilex c. burfordi

	2¼" Pot	1-Gal.	5-Gal.
ESCALLONIA ingrami (8)20	.60	-----
Especially deep green glossy foliage. During the summer it produces an abundance of rose-red flowers.			
Escallonia montevidensis (8)15	.40	1.65
Medium to large, evergreen shrub with excellent, light green foliage and masses of single, white flowers in showy heads in summer. Very reliable shrub for landscape planting. Sun.			
Escallonia organensis (8)15	.40	1.65
Regarded as one of the best of this fine family of evergreen shrubs. Medium size, very bushy and well clothed with narrow, bronzy green leaves and clusters of appleblossom-like flowers white and pink.			
Escallonia rubra. Red Escallonia (8)15	.45	1.65
Medium to large, evergreen shrub with deep green, glossy foliage and clusters of bright red, tubular flowers with spreading petals. Makes an excellent specimen plant. Prefers shade.			
EUGENIA compacta (10)17½	.50	1.95
New Eugenia that is especially compact. Excellent for shaping. Good amber color to new foliage.			

	2¼" Pot	1-Gal.	5-Gal.
Eugenia myrtifolia (E. Paniculata Australis). Brush Cherry (10)15	.40	1.85
Close growing, evergreen shrub or small tree much used in landscape planting for clipped hedges or as tall clipped pyramids for accent. Leaves dark, bronzy green, new growth red; flowers fluffy, white followed by red berries.			
EUONYMUS			
Hardy, evergreen medium size shrubs with rounded glossy leaves widely used for hedges or specimen planting. Excellent for shearing.			
Euonymus alatus. Winged Euonymus (3)15	.45	-----
Deciduous upright shrub having unusually colorful foliage in autumn.			
Euonymus coloratus (5)15	.40	-----
Semi-horizontal in growth. Foliage deep green turning plum color in fall. Good bank or ground cover.			
Euonymus europaeus. Spindle Tree (3)15	.40	-----
Fast growing deciduous shrub. Produces pink flowers.			
Euonymus fortunei carrierei (5)15	.40	-----
Semi-upright in growth. Has heavily veined leaves of deep glistening green.			
Euonymus fortunei erecta (5)15	.45	1.75
Choice evergreen shrub with upright growth. Large glossy foliage. Excellent for using as a hedge plant.			
Euonymus fortunei vegetus. Wintercreeper Euonymus (5)15	.45	-----
Semi-horizontal in growth. Neat glossy foliage.			
Euonymus japonica alba marginata (5)17 ½	.45	-----
Attractive leaves with narrow margin of white which gives a silver-like cast.			
Euonymus japonicus. Green Euonymus (5)15	.40	1.65
Solid green leaves. Compact growth.			
Euonymus japonicus argentia variegata (5)17 ½	.50	-----
Low growing shrub with variegated leaves.			
Euonymus japonicus aureo-marginatus.			
Golden Euonymus (5)17 ½	.50	1.75
Leaves dark green with bright gold margin.			
Euonymus japonicus aureo-variegatus.			
Golden Variegated Euonymus. Gold Spot (5)17 ½	.50	1.75
Compact. Leaves bright gold with dark green margin.			
Euonymus japonicus grandifolia (5)15	.40	1.65
Very large solid green leaves. 2-gal. 1.35			
Euonymus japonicus microphyllus (E. pulchellus) (5)15	.45	1.65
Very dwarf. Suitable for small hedges. Solid green leaves.			
Euonymus japonicus Silver Queen (5)17 ½	.45	1.75
Large light green foliage with a silver margin. Medium size.			
Euonymus patens Newport (5)15	.45	-----
Compact and shapely, foliage remains on the plant practically all year.			
Euonymus radicans upright (5)15	.45	-----
Very similar to Euonymus radicans except the growth habit is semi-upright. In the fall the leaves become a deep red.			
Euonymus sieboldianus (5)15	.45	1.75
Very attractive compact growing shrub with large leaves. Produces colorful pink berries.			

MONROVIA NURSERY COMPANY.....Monrovia, California

	2¼" Pot	1-Gal.	5-Gal.
EURYA emarginata (7)20	.60	---
Thick rounded leathery leaves. Vigorous growth with ability to endure extremes.			
EXOCHORDA racemosa. Pearl Bush (6)17½	.50	---
A deciduous shrub to 10 ft. The foliage is a clean, bright, green. Flower buds resemble pearls and open to large single white flowers.			
FEIJOA Pineapple Gem (8)	---	---	2.50
A grafted Pineapple Guava that is unsurpassable in fruit, flower and foliage. The fruit is larger, more colorful and more juicy and with a definite pineapple flavor. Its silvery-green foliage and large, red flowers in spring make it a showy specimen.			
Feijoa sellowiana. Pineapple Guava (8)15	.40	1.65
Fast growing, tall, evergreen shrub with gray-green foliage and waxy, white flowers with bright red central cluster of stamens. Fruits pale green, edible. 2-gal. 1.35			
FICUS microphylla (9)	---	.60	---
Similar to the Macrophylla except the leaves are smaller. Good neat appearing evergreen shrub.			
Ficus petiolaris (9)	---	---	2.25
Unusual leaves because of the large pointed tips. The veins are a showy red. Evergreen large shrub or small tree.			
Ficus nitida. Indian Laurel, Laurel Fig (10)17½	.50	---
Very refined plant having thick, rubbery leaves. Fine for patios, parkways.			
5-gal. tree-type	3.50	5-gal. pyramids 5'	2.50
5-gal. pyramids 3'	1.85		
FORSYTHIA Lynwood Gold (4)17½	.50	---
Originated in Ireland. Much like Spring Glory except flowers are a much deeper yellow and the branches are more erect.			
Forsythia Spring Glory (4)17½	.45	1.65
Undoubtedly, the loveliest of all. During the early spring, the brilliant yellow flowers completely cover the branches and wherever planted, will definitely be attractive and colorful.			
FREMONTIA mexicana. San Diego Fremontia (9)25	.75	---
A large, native shrub with gray-green foliage. During the winter season it is covered with large glistening orange-yellow flowers.			
GARDENIA Mystery (8)17½	.50	1.85
The demand is continually on the increase for this truly, superior evergreen shrub. Glossy, green leaves, bushy and compact, it produces large creamy-white fragrant flowers during spring and summer. Prefers the sun and slightly acid soil.			
Gardenia radicans (9)20	.60	1.95
Miniature gardenia. Small glossy foliage and small white fragrant flowers. Very desirable. Grows 15" - 18" high.			
Gardenia stricta nana (9)20	---	---
A hardy vigorous gardenia growing larger than most varieties. Free flowering.			
Gardenia veitchi. Everblooming Gardenia (9)17½	.50	1.85
Smaller than Mystery in bush, leaf and flower size, but even longer blooming. Lustrous, evergreen foliage and low compact growth habit make this a splendid specimen for tub or garden culture. Prefers acid soil in sun or partial shade.			

	2¼" Pot	1-Gal.	5-Gal.
GENISTA aethnensis. Golden Broom (8)20	---	---
Golden yellow flowers appear in the summer. Branches are erect and neat. Almost leafless.			
Genista racemosa (Cytisus racemosus). Sweet Broom (8)17½	.45	1.65
Popular, compact evergreen shrub doing equally well along the coast or inland. Its golden flowers add considerable color in late spring. An improvement over <i>Genista fragrans</i> —more compact.			
GREWIA caffra Improved. Lavender Star Plant (10)20	.50	1.85
Fast growing, natural espalier plant with light green foliage. Lavender, star-shaped flowers with yellow centers are in bloom a great part of the year. 5-gal. Espalier 4.50			
GRISELINIA lucida (8)20	.50	---
Rounded evergreen with growth habits similar to <i>Aucuba</i> . Leaves of olive green.			
GUAVA Red Strawberry (Psidium cattleianum) (10)15	.40	1.65
Medium size, evergreen shrub bearing clusters of small, round, dark red fruits. Used in making jellies.			
Guava Yellow Strawberry Improved (10)15	.40	1.65
This large, glossy-leaved, evergreen shrub is not only important for its beauty as an ornamental, but is in great demand for its edible, strawberry-flavored fruit. The bush is compact and the large, glossy leaves give it that "tropical look".			
GUNNERA manicata (9)20	.60	1.95
A perennial herb used for bold foliage effects. Prefers sunny locations.			
HALESIA tetraptera. Snowdrop Tree (5)	---	.50	---
A small deciduous tree, popular for the thousands of small, white bell-shaped flowers which dangle about below the branches in the spring. Always a subject of interest and curiosity.			
HELIANTHEMUM lasianthum (Halimium lasianthum).			
Sun Rose (7)17½	.45	---
Small, evergreen shrub very suitable for semi-arid regions, can be used for border plantings or ground cover. The foliage is a gray-green; the flowers are yellow blotched with a purple base. Blooms most of year.			
Helianthemum ocymoides (Halimium ocymoides) (7)17½	.45	---
Evergreen silver foliaged low growing shrub. Large soft yellow flowers with a spot of purple at the base of each petal. Good for dry locations.			
HELICYRYSUM petiolatum. Cotton Leaf (9)20	.50	---
Low growing, semi-trailing, very unusual looking shrub. Leaves appear to have been slightly covered with a light snow. Evergreen. Excellent for accent and contrasts.			
HELIOTROPIUM Black Beauty (Heliotropium arborescens) (10)17½	.45	1.65
Highly fragrant, deep purple flowers. Plant has unusually dark green foliage.			
HELLEBORUS niger. Christmas Rose25	---	---
Large nodding flowers are all shades of pink and age to a char-treuse color. 3" pot40			
HOLMSKIOLDIA sanguinea. Chinese Hat Plant (9)17½	.45	---
The beautiful, long clusters of bright red-flower bracts are produced most of the year. Often used for Christmas decorations. Can be trained to grow flat against walls. Prefers plenty of sunshine and water.			

QUANTITY DISCOUNTS

1000 Plants.....	10%
500 Plants.....	5%

These discounts apply if the following requirements are met:

- 1. All plants must be of one variety.
- 2. All plants must be of one container size.
- 3. All plants must be shipped at one time.

HIBISCUS (10)

Modern home and landscape design more and more stresses tropical effects, and none can be complete without one or several Hibiscus—so your demand for these exotic beauties is bound to keep soaring! MN's Hibiscus are especially grown for the sturdy root systems that mean added vigor and top quality—sure sellers for your nursery. MN produces every favored variety and color.

	2¼" Pot	1-Gal.	5-Gal.
Agnes Gault.17½	.45	1.65
The enormous, velvety, shrimp-pink, single flowers are the largest and showiest of all pink hibiscus. A vigorous growing, free-bloom-ing shrub. 5 gal. tree-type 2.50			
American Beauty.25	.60	1.75
Large single bright pink flowers of varying intensity—lighter shades toward the edges. Petals overlap somewhat. Excellent fo-liage.			
Bride.25	.60	1.75
Large, single, crepe-like textured, somewhat overlapping petals. The color of the flower is very unusual in that it opens a blush pink, but within a few hours it takes on a frosty white. See picture page 22.			
Brilliant (San Diego Red).17½	.45	1.65
Really an old favorite. Its vivid, crimson-red, single flowers are produced profusely most of the year. Its attractive, deep green fo-liage makes a good hedge. 5 gal. tree-type 2.50			
California Gold.17½	.45	1.65
A rich, single, gold color shading into carmine-orange toward the center. A good grower and profuse bloomer.			
Crown of Bohemia.25	.60	1.75
The most popular of all hibiscus. It combines all the colors of autumn in the large, double flowers which are produced most of the year. Rich golden base tones with blends of copper and orange. The foliage is very beautiful.			
Florida Sunset.17½	.45	1.65
Small single flower, medium grower, profuse bloomer. Red with yellowish edge. Heavy foliage of dark green leaves.			
Haleakala.25	.60	1.75
Medium single ruffled light yellow with red eye. Small medium green leaves. A slow upright grower.			
Hills of Gold.25	.60	1.75
Medium double flower with loose, twisted light canary yellow petals. Medium sized bush. Moderate bloomer.			

	2¼" Pot	1-Gal.	5-Gal.
Hilo. Large single yellow flowers with overlapping petals. Rose colored center.	.25	.60	1.75
Jane Evans. Large single golden-orange flowers. Petals are overlapping with velvety appearance.	.20	.60	1.75
Kate Sessions One of the largest singles. Velvety, amber-pink flowers with large overlapping petals. 5-gal. tree-type 2.50	.17½	.45	1.65
Kauai. A large, windmill type, single, rose-pink. This hibiscus produces unusually good flowers during the winter season. A strong, rapid grower. 5-gal. tree-type 2.50	.17½	.45	1.65
Kilauea. Large single lemon-yellow. Entire flower is one solid color.	.25	.60	1.75
Kona (Double Agnes Gault). This is such a favorite, being the double counterpart of Agnes Gault, in the same delightful shade. Fully double in a graceful manner and more free blooming than most doubles. Splendid foliage.	.17½	.45	1.65
Luna. Large ruffled petals of yellow-orange.	.25	.60	1.75
Mme. Chiang Kai-shek. A beautiful, double, blush ivory-pink with yellow undertones. One of the hardiest.	.17½	.45	1.65
Paradise Moon. Attractive and unusual, bright yellow, single flowers having snow white centers. This hibiscus is a compact grower.	---	1.00	2.50
President. (Trade Mark Registered) Large single rich red flowers. The foliage is unusually attractive and endures winter better than most varieties. Vigorous.	.17½	.45	1.65
Pride of Hankins. Small single red. Strong upright grower.	.17½	.45	1.65
Red Monarch. Huge, double rosette shaped flowers of a deep crimson.	.25	.60	1.75
Ross Estey. Extremely large single flower with orange edges shading to glowing rose center. These ruffled and tufted flowers last 3 to 4 days in California. Foliage is extremely heavy and large with a glossy polished appearance.	---	1.00	2.50
Royal Red. Flowers are large, double, scarlet shaded crimson. Good foliage.	.25	.60	1.75
Ruby Red. Beautiful, double, bright red flowers. Very profuse bloomer. One of the most hardy hibiscus. Leaves are a bright, glistening green.	.17½	.45	1.65
Sensation. The large, single flowers are difficult to describe—so many beautiful colors all blended in one—apricot, gold, and rust. Truly a sensation.	.25	.60	1.75
Subviolacea. Semi-double dark rose red. Vigorous grower.	.17½	.45	1.65
Texas Star. Large single rose-pink flower with a brown eye. A strong tall grower and a free bloomer.	.17½	.45	1.65

2¼" Pot 1-Gal. 5-Gal.

Waimea.17½ .45 1.65

A fragrant hibiscus—white and single with slightly carmine tinted throat. Almost tulip-shaped in form. A bushy, compact grower.

White Wings.17½ .45 1.65

Large windmill type single flowers with white petals and carmine throat. Quite hardy and free blooming. Unusually fine foliage with spreading graceful habit. **5-gal. tree-type** 2.50

HARDIER HIBISCUS (7)

This variety does well in areas such as San Joaquin Valley. Even if they freeze to the ground they grow quickly the following spring and summer and provide an abundance of flowers.

Mutabilis Rubra. Confederate Rose20 .50

Large single red flowers.

HYDRANGEAS (9)

MN's fine French hybrids are sure "sell-on-sight" items in the spring when the huge shiny apple-green leaves are almost hidden under gigantic pompons of brilliant bloom. Be sure to stock the full range of colors for extra quantity sales.

Amy Pasquaar.17½ .45 1.65

Outstanding for its deep rose colored flowers produced in great clusters. A dwarf grower.

Domotoi.17½ .45 1.65

A hardy semi-double pink flowering variety. No harm if growth is frozen to the ground as the flowers are produced on new growth.

Hamburg.17½ .45 1.65

Very striking scarlet colored flowers produced in large clusters in early spring. This will blue easily.

Hortensis (H. macrophylla).17½ .45 1.65

Bushy shrub bearing large clusters of delicate pink flowers. This variety attains greater height and takes more sun than the French Hybrids.

Kuhnert.17½ .45 1.65

Impressive mass of rose pink flowers formed in large heads.

Merritt's Beauty.17½ .45 1.65

An attractive, carmine red. Very desirable habit of growth.

Nikko Blue.17½ .45 1.65

Hardy Hydrangea. Blooms on new growth. Flowers are a good blue color if the soil is correct.

Revelation.17½ .45 1.65

This hydrangea is a bright red. Compact dwarf habit of growth. Always in demand.

Trophee.17½ .45 1.65

Large heads of brilliant, salmon rose flowers. One of the most popular. Dwarf, compact habit of growth.

White.17½ .45 1.65

Giant clusters of pure white flowers.

HYPERICUM calycinum (7)15 .40

A low growing, bushy plant, bearing large, yellow flowers from May through October. Valuable as a ground cover.

	2¼" Pot	1-Gal.	5-Gal.
Hypericum hidcote (6)17½	.45	1.65
The beautiful golden yellow flowers are cup-like, and waxy, and are produced more freely than on most hypericum. Growth is spreading. One of the finest.			
Hypericum moserianum. Goldflower17½	.45	1.65
Low growing, rounded shrub with arching branches clothed in narrow, dark green leaves. Flowers bright golden yellow, 1 to 1½ inches across, clusters of brown stamens in the center. Plant in full sun.			
Hypericum patulum henryi. Henry's Golden Cup (7)17½	.45	1.65
Low, bushy shrub to 3 feet with light green foliage. Almost ever-blooming, it produces masses of bright light yellow flowers 1 to 1½ inches across. Yellow stamens. Stands poor dry soil very well. Sun.			
Hypericum Sungold (U.S. Plant Patent No. 568) (6)35	.75	1.95
A shapely, dwarf shrub which grows into an almost completely oval globe of about 3 feet in diameter. It bears its cymes of golden flowers at the end of every shoot of the summer's new growth.			

HOLLY (ILEX)

Holly is profitable for you. Hardy, healthy, generally evergreen and versatile—all the more so because of MN's careful growing methods. Holly will be one of your steadiest, most popular sellers the year 'round. You'll find every desirable variety in the list below. Order today!

ILEX altaclarensis wilsoni (7)30	.75	2.50
Unusually attractive broad spiny thick leaves. Produces large red berries. Can be used as a tree or shrub.			
Ilex aquifolium (seedlings). English Holly (6)17½	.50	-----
This evergreen shrub is extremely valued for its unusual foliage and berries.			
Ilex aquifolium fertilis (6)	-----	.75	1.95
An outstanding English Holly, superior because of its self-fertility. Very desirable.			
Ilex aquifolium teuffel (6)	-----	.75	2.25
Especially neat appearing English Holly. Producing an abundance of large red berries. Foliage is compact.			
Ilex aquiperni Brilliant (5)35	.75	2.25
Considered one of the best for producing red berries for the winter. The leaves are unusually neat and heavily serrated. Self fertile.			
Ilex cornuta (cuttings). Chinese Holly (6)17½	.50	1.75
One of the best hollies for California. Hardy, medium to large shrub with deep green, glossy leaves like the Christmas holly. Berries large, bright red. Sun or part shade. 3"pot35			
Ilex cornuta (seedlings) (6)15	.40	1.65
Although it has the usual glossy, holly foliage, it grows more compact and faster than Ilex cornuta from cuttings. Very desirable. 2-gal. 1.35			
Ilex cornuta burfordi. Burford Holly (6)15	.40	1.85
The most prolific bearer of large bright red berries in the Southwest. Leaves deep, glossy green almost without spines. 2-gal. 1.45 5-gal. Espalier 4.50			
Ilex cornuta rotunda (6)20	.50	1.95
A very superior compact holly. Its naturally dense habit of growth lends itself to those small, shady areas that often become so rank with growth. Does not produce berries of any consequence.			

MONROVIA NURSERY COMPANY.....Monrovia, California

	2¼" Pot	1-Gal.	5-Gal.
Ilex crenata convexa (6) Very glossy, small rounded leaves. Compact slow growing shrub.	.17½	.50
Ilex crenata helleri (5) Dwarf growing Japanese type of holly. Excellent for hedges because of the small leaves and compact type of growth.	.17½	.50
Ilex opaca (seedlings) American Holly (5) Evergreen tree praised for its neat clean growth and large red berries retained during the winter season.	.17½	----	-----
Ilex opaca East Palatka (5) Vigorous large growing holly with attractive foliage and brilliant berries.	----	.75	2.25
Ilex verticillata. Black Alder Holly (3) (Seedlings) Known and admired for the bright red berries that are retained for a long time. In colder areas, the shrub is deciduous.	.17½	----	-----
Ilex vomitoria Dwarf Yaupon (7) Similar to Ilex vomitoria in growth. Produces large red berries.	.20	.60	-----
Ilex vomitoria Pride of Texas. Yaupon (7) Evergreen tree or large shrub used for hedge. Branches are covered densely with small oval leaves. Bright red berries. Usually self fertile.	.20	.60	-----
ITEA ilicifolia. Holly-leaf Sweetspire (8) Attractive evergreen shrub attaining a height of 3-5 feet. Its holly-like leaves are a deep shining green. The glistening flowers hang pendantly in clusters.	.17½	.45	1.65
IXORA coccinea (10) Tropical small growing shrub. Large leaves make a good foliage mass for the bright red clustered flowers. 3" pot25	.75	-----
JACOBINIA carnea (10) A small, compact plant which is very tropical appearing, having large leaves and distinctive, rose-red flowers borne on long spikes. Excellent for planters and window boxes.	.20	.50	-----
JASMINUM floridum (6) Grows as a bush. Excellent for hedges. Handsome dark green foliage. Bright yellow flowers are borne in spring and summer.	.17½	.45	-----
Jasminum grandiflorum. Spanish Jasmine (9) Slender growing, twining vine with deep green foliage and fragrant white flowers. Makes a quick growth and useful for covering fences, etc.	.17½	.45	1.75
Jasminum magnificum. Windmill Jasmine (10) Large, fragrant, white, wind-mill-like flowers. The leaves are large and heavy, making the plant desirable in every way. Although a semi-vine, these are grown as bushes. (See picture page 50.)	.20	.50	1.85
Jasminum parkeri (7) A dainty miniature shrub of rounded compact habit. The flowers, a bright yellow, are borne in profusion. 3"pot25	.75	-----
Jasminum sambac Maid of Orleans (10) A variety of Arabian Jasminum which produces a quantity of blossoms that are double and creamy-white. Exquisite jasminum fragrance. Evergreen. 3" pot20	.60	-----

	2¼" Pot	1-Gal.	5-Gal.
LAGERSTROEMIA indica Dwarf Lavender (6)17½	.45	1.65
Especially beautiful, light lavender flowers. Much desired as it does not grow too large. Provides a quantity of color in late summer.			
➤ Lagerstroemia indica Kellog's Purple (6)20	---	---
Similar in growth to other Lagerstroemia. Flowers are a rich purple.			
➤ Lagerstroemia indica Pomona Red (6)20	---	---
Similar to other Lagerstroemia except the flowers are a rich red and the growth is more erect.			
Lagerstroemia indica William Toovey (6)20	.50	1.75
One of the finest of all the crape myrtles. Neat, compact habit, producing a solid mass of beautiful deep watermelon red flowers in large heads. Very prolific and spectacular.			

LAGERSTROEMIA. (See other varieties in Tree Section.)

LANTANA callowiana Goldrush (Plant Pat. No. 1211) (9)

Trailing yellow — an entirely new species produced from the hybridization of Lantana camara and Lantana sellowiana, retaining only the finer characteristics of each. All who have seen it are amazed and delighted, and believe it to be the finest of all Lantanas. Practically all year countless clusters of the brightest yellow flowers cover the entire plant. The foliage, an attractive deep forest green, makes a most pleasing color contrast with the bright yellow flowers. One of the most outstanding characteristics is its trailing habit of growth, which means it can be used in so many ways, such as ground covers, bank covers, planters, etc. This attractive, prostrate shrub, Goldrush, grows rapidly and requires very little care. Must always be sold with patent tags.

2¼" pots30	3" pots45	1-gal.60
-----------------------	------------	----------------------	------------	---------------------	------------

Lantana camara (9)

Exceptionally dwarf and compact, these evergreen Hawaiian shrubs produce a mass of color the year around. Easy to grow.

Christine.12	.35	---
Cerise-pink.			
Dwarf Pink.12	.35	---
Bright pink flowers.			
Dwarf White.12	.35	---
Velvety white flowers.			
Dwarf Yellow.12	.35	---
Bright Indian yellow flowers.			
Radiation.12	.35	---
Rich orange-red flowers.			
Lantana sellowiana. Trailing Lantana (9)12	.35	---
Low, spreading shrub quite different from the above lantanas. Makes a dense mass of deep green foliage covered most of the year with clusters of lavender-pink flowers. Fine as a bank and ground cover plant.			
LAURUS nobilis. Sweet Bay (9)20	---	---
A slow growing, evergreen shrub with ornate, green, leathery leaves. This shrub can withstand a great deal of abuse. It is desirable as a tub specimen.			

	2¼" Pot	1-Gal.	5-Gal.
LAVANDULA vera. English Lavender (8) _____	.17½	.45	
Dwarf, compact, shrubby perennial with silvery-gray foliage and fragrant, lavender flowers. Both foliage and flowers are scented with lavender. For sunny places.			
LEPTOSPERMUM citriodora. Lemon Tea Tree (9) _____	.20	.50	1.75
Evergreen shrub of refined growing habits. Foliage has pleasing citrus fragrance. Flowers are single white.			
Leptospermum keatleyi (9) _____	.20	.50	
Graceful arching branches are filled with one inch flowers of pink with purple centers. Blooms late in winter and early spring.			
Leptospermum laevigatum. Australian Tea Tree (9) _____	.15	.40	1.65
Tall growing, evergreen shrub or small tree with very small, rich green, narrow leaves and sprays of pure white flowers in spring. Requires little water.			
Leptospermum reevesi. Dwarf Australian Tea Tree (9) _____	.17½	.45	
Compact, evergreen shrub with small oval leaves and white flowers.			
Leptospermum scop. Flore Pleno (9) _____	.17½	.50	1.75
Double rose-pink flowers cover the entire shrub during early spring. Resemble small pink roses.			
Leptospermum scoparium Ruby Glow (9) _____	.17½	.50	
A mass of oxblood red flowers resembling small roses. One of the most colorful of the variety. Good, evergreen shrub with dark purple stems and semi-glossy leaves. Excellent for cut flowers.			
Leptospermum scoparium Sanders (9) _____	.17½	.50	
Very colorful, single flowers of red and pink.			

Special Package Offers

CAMELLIAS—PAGE 11

ORNAMENTALS—PAGE 18

LEUCOPHYLLUM frutescens texanum. Texas Sage, Senisa (8) _____	.20	.50	1.75
The silvery-gray foliage of this drought resistant shrub contrasts nicely with other shrubs. Produces an orchid-pink, snapdragon-like bloom.			
LIGUSTRUM japonicum. Japanese Privet (8) _____		.40	1.65
Large leaved, fast growing evergreen shrub. Recommended as a tall or medium hedge plant.			
	5-gal. tree-type	2.50	
Ligustrum lodense _____	.15	.50	
Heavy thick foliage. Grows compact and full.			
Ligustrum ovalifolium variegatum. Golden California Privet (5)	.15	.40	1.65
Easily grown, evergreen shrub with small, closely set, golden-yellow leaves. Much used for hedges or as clipped specimens. Rapid growth.			

HARDINESS MAP

Much of your success as a nurseyman depends on selecting plants to sell which will thrive under weather conditions normal for your community. This map helps you avoid mistakes. All plants in this catalog carry a zone number. By matching this number to the number indicated on the map for your location, you can order with safety. Plants with smaller zone numbers should also be hardy in your area. Frequently, too, a plant rated one zone higher will grow well in a protected area.

	2¼" Pot	1-Gal.	5-Gal.
Ligustrum texanum. Wax Leafed Ligustrum. Waxleaf (7)15	.40	1.65
Makes an excellent specimen evergreen shrub or a closely set, deep green hedge. Leaves thick textured, dark and glossy, stands shearing very well. (See picture pages 62 and 63.)			
2-gallon	1.25	5-gallon Globes	1.95
5-gallon Pyramids 2'	1.95	5-gallon tree-type Globes	2.75
5-gallon Pyramids 5'	3.50	5-gallon Espalier Palmetto	3.95
Ligustrum vicari (5)17 ½	.45	1.65
Dwarf growing hardy privet with golden foliage.			
LIPPIA citriodora. Lemon Verbena (9)15	.45	1.65
Medium size, deciduous shrub with light green, aromatic foliage and loose panicles of tiny white to pale lavender flowers. Entire plant has lemon scent when touched or bruised.			
LILAC. See syringa or ceanothus.			
LONICERA nitida. Bush Honeysuckle (5)15	.40	-----
Low and compact growing bush that retains foliage most of the year. Fragrant, creamy white flowers are borne in May. Very hardy.			
Lonicera pileata yunnanensis17 ½	.45	-----
A compact growing shrub with small leaves.			
LUCULIA fragrantissima (5)20	.60	2.50
Choice evergreen shrub having clusters of rosy pink flowers in terminal heads.			
LYSILOMA thornberi (9)20	.50	-----
Handsome large evergreen shrub with feathery canopied foliage native of the Arizona desert. Very rare.			
MACROPIPER excelsum. Kawakawa Pepper Tree (9)	-----	.75	-----
Attractive evergreen, rapid growing aromatic shrub or small tree. Thrives in partial shade.			
Magnolia soulangeana. Saucer Magnolia (5)	-----	1.00	3.50
Deciduous small tree producing large multicolored exotic flowers in early spring.			
Magnolia soulangeana nigra (5)	-----	-----	3.50
Sensational in the spring as the large tulip-shaped flowers of deep magenta cover the plant before leaves appear.			
MAHONIA aquifolium. Oregon Grape (4)15	.50	1.85
Medium size, evergreen shrub for sun or shade. Has deep, glossy green, holly-like foliage, clusters of yellow flowers followed by blue grape-like berries. (See picture page 42.)			
Mahonia aquifolium compacta (4)	-----	.75	2.25
A dwarf compact form of Oregon Grape with dark green glossy foliage. One of the finest evergreen shrubs for sun or partial shade. Purplish blue berries are borne in profusion.			
Mahonia bealei. Holly Grape20	.60	-----
Large slow growing shrub with outstanding foliage of bronzy green.			
MALPIGHIA glabra. Barbados-Cherry (8)20	.50	-----
A glossy leaved shrub with light pink flowers followed by small red berries. This plant makes an excellent hedge. Should be planted only in Southern United States.			
MELIANTHUS major. Honeybush (10)	-----	.60	1.95
A spreading shrub which is used chiefly for tropical effect. The restless, gray-blue foliage mass is of greatest interest because of its unique texture. Also bears a dark red or chocolate-colored spike of flowers in mid-winter.			

MONROVIA NURSERY COMPANY.....Monrovia, California

	2¼" Pot	1-Gal.	5-Gal.
METROSIDEROS tomentosa. New Zealand Christmas Tree (10)	.15	.60	2.25
Tree with large 4-inch, lanceolate, leathery leaves. Has dark red flowers in dense, terminal cymes. Evergreen.			
(Bush type) 1-gal.50	5-gal.	1.95
MURRAEA exotica (Murraya exotica). Orange Jessamine (9)	.17½	.45	1.65
An improved, dwarf, compact growing variety. Like the paniculata variety except for the more dwarf and dense growth.			
Murraea paniculata (Murraya paniculata). Orange Jessamine (9)	.17½	.45	1.65
Delightful, evergreen shrub obtaining a height of 6 to 10 feet. Luxuriant, bright green, small leaves and small, waxy flowers with intense, orange blossom fragrance.			
MUSA ensete. Abyssinian Banana (10)		.60	1.95
Strictly an ornamental banana used for tropical effects in planting. Should be planted in a protected location. Makes a very impressive, large, specimen plant. 3" pot			
	.30		
MYOPORUM laetum (9)	.15	.45	1.65
Shrub or small tree with bright, shiny leaves and purple spotted, white flowers. An exceptionally fine plant for use near the sea coast.			
Myoporum tomentosum (9)	.15	.45	1.65
Very similar to Myoporum laetum except leaves are larger. Very suitable for seashore planting.			
MYRSINE africana. African Boxwood (8)	.15	.45	1.65
A fine, compact, evergreen shrub with small, rounded leaves like boxwood. Grows 2 to 3 feet high and does well in sun or partial shade either at the coast or inland.			
MYRTUS boetica (9)		.75	
Evergreen small growing shrub having larger leaves than on ordinary Myrtus.			
Myrtus communis. True Myrtle (8)	.15	.40	1.65
Creamy-white flowers appear in the spring. This plant is excellent for hedges or single specimen. Leaves are small and deep shiny green. Very compact grower.			
Myrtus communis compacta. Dwarf Myrtle (9)	.15	.40	1.65
A slow growing, very compact, evergreen shrub with small, glossy, green leaves. One of the finest low growing shrubs for hedge planting.			
Myrtus communis variegata (9)	.17½	.45	1.65
Small, compact, evergreen shrub for sun or partial shade. Leaves variegated with white, silver and green. Blue berries in winter may result if several plants are planted.			
NANDINA domestica. Heavenly Bamboo (6)	.15	.40	1.65
Low shrub to 3 to 4 feet with erect stems clothed in much divided leaves which assume brilliant red tints in autumn. White flowers followed by brilliant red berries in winter. 2-gal.			
			1.35
Nandina domestica compacta (6)		.60	
More dwarf and compact than ordinary Nandina.			
NERIUM oleander. Oleander (9)			
Large, evergreen shrubs with long, narrow, dark green leaves and showy clusters of waxy, brightly colored flowers in summer. Withstands heat and drought, doing equally well in hot, dry areas and at the sea coast. All thrive with little care.			
Cherry Ripe	.15	.40	1.65
Brilliant, single, rose-red flowers.			
Compte Barthelemy	.15	.40	1.65
Large, double flowers, bright red, sometimes streaked with white.			
Jannoch	.15	.40	1.65
Large, single, bright red flowers.			

MAHONIA AQUIFOLIUM

	2¼" Pot	1-Gal.	5-Gal.
Mrs. Roeding15	.40	1.65
Dwarfer in habit. Double, salmon-pink flowers in abundance.			
Pink Beauty15	.40	1.65
Largest, single, pink flowers.			
Sister Agnes15	.40	1.65
Free flowering, pure white, single.			
OCHNA multiflora. Birdseye Bush (9)60	1.95
Rare and very desirable shrub with long, finely-toothed leaves of a bronzy tint. The dark yellow flowers are followed by a red fruit which is later followed by glossy, black seeds. These black seeds on the red receptacle are really colorful.			
OSMANTHUS delavayi (7)20	.60	1.75
Has so many fine characteristics. Compact arching branches, refined growth. Fragrant white flowers.			

	2 1/4" Pot	1-Gal.	5-Gal.
Osmanthus fragrans. Sweet Olive (9)17 1/2	.50	1.75
A very choice, evergreen shrub for sun or partial shade. The dense, dark green foliage conceals the tiny, white flowers which perfume the air with their delightful fragrance.			
Osmanthus ilicifolius variegatus. False Holly (7)75	2.50
An evergreen shrub having irregularly spined leaves of leathery texture. The leaves are a dark green, edged with a creamy-white. Blooms late fall through early spring.			
3" pot50		
Osmanthus San Jose Hybrid (8)17 1/2	.50	1.75
A very attractive, tall evergreen shrub or small tree spendid for background planting. Not only desirable for its fragrant creamy-yellow flowers produced in fall and winter, but for its refined holly-like foliage.			
OXERA pulchella (10)60	1.75
Recently introduced from New Caledonia, this very desirable shrubby vine will give the garden that much-needed winter color. Its ivory-white trumpet-shaped flowers and luxuriant leathery leaves lend it for use in modern architectural schemes.			
PARKINSONIA aculeata. Jerusalem Thorn (8)17 1/2	.45	
A very good, small tree for hot dry places. During early summer it becomes a mass of small, bright yellow flowers.			
PERNETTYA mucronata (8)17 1/2	.50	
Small, evergreen shrub especially adapted to rock gardens. The leaves are small and serrated. Color of berries will vary.			
Philadelphus virginalis. Mock Orange (4)15	.40	1.65
The finest philadelphus, far superior to other varieties. Large double and semi-double, pure white flowers are abundantly produced all spring and summer. Medium size, refined, deciduous shrub. Sun.			
PHILODENDRON selloum (10)95	3.50
The large, glossy, deeply lobed leaves of this plant mark it as excellent for either indoor planting or shaded patio use. An excellent plant for creating that lush tropical effect. Can withstand lower temperatures than other philodendron.			
3" pot40		
PHORMIUM tenax. New Zealand Flax (9)15	.45	1.65
Long, stiff, sword-like leaves margined with red and orange lines. Very suitable for tub planting. Will do well in the desert areas.			
Phormium tenax atropurpurea (9)60	2.50
Similar to Phormium tenax except the leaves are tinted with a red-amber color.			
Phormium tenax variegatum (9)60	2.50
Similar to Phormium tenax but with prominent creamy white striping in the leaf blades.			
PHOTINIA glabra (7)17 1/2	.50	
Extremely beautiful in spring as the new foliage is a brilliant red. Vigorous growing upright shrub.			
Photinia serrulata. Chinese Photinia (7)15	.45	1.65
Large, evergreen shrub with 4 to 5 inch long toothed leaves, reddish green when young, becoming darker. Clusters of white flowers followed by bright red berries.			
2-gal.	1.35		
Photinia serrulata nova. Compact Chinese Photinia (7)20	.50	1.75
One of the best, new, evergreen, compact shrubs. Its large, dark green, thick, shining leaves are especially good looking the whole year. During the fall many leaves turn red which enhances the shrub. In the spring it is covered with long heads of white flower clusters.			

	2¼" Pot	1-Gal.	5-Gal.
Photinia serrulata lineata (7) -----		.60	2.25
Similar to serrulata nova except foliage is variegated. Large spots of amber-yellow and shades of green. Very attractive.			
PITTOSPORUM crassifolia (9) -----	.15	.40	-----
A large, evergreen shrub or small tree. Foliage a gray-green and should be pruned to make the plant more compact. Excellent for screens and does well in sandy soils. Unaffected by salt winds.			
Pittosporum eugenoides. Tarata Pittosporum (9) -----	.15	.45	1.65
Large shrub or small tree with light green foliage. This is the best substitute for Eugenias in areas subject to frost.			
Pittosporum heterophyllum (9) -----	.15	.40	1.65
A spreading shrub excellent for bank planting. The foliage is light green. Drought resistant.			
Pittosporum nigricans (P. tenuifolia) (9) -----	.15	.45	1.65
Very similar to eugenoides except that the foliage is darker. The stems are dark brown, almost black.			
Pittosporum rhombifolium. Diamondleaf Pittosporum (9) -----	.15	.40	1.65
Large shrub or small tree with attractive, light green foliage, white flowers followed by orange berries.			
Pittosporum tobira (8) -----	.12	.40	1.65
Dense growing, evergreen shrub of medium to large size, more spreading than tall. Leaves long and narrow with rounded ends dark shiny green. Fragrant white flowers.			
Pittosporum tobira variegata (9) -----	.17½	.45	1.75
Similar to the above but dwarfer in habit and foliage a pleasing combination of light green and white variegated leaves.			
PLEROMA grandiflora (Tibouchina elegans).			
Princess Flower (10) -----	.15	.40	1.65
Large, evergreen shrub with bronzy green, velvety leaves, and huge, colorful, purple flowers, rich and velvety, about 3 to 4 inches across. Somewhat tender to frost.			
PLUMBAGO capensis. Blue Cape Plumbago (9) -----	.15	.40	1.65
Semi-climbing shrub of most desirable habit either at the sea coast or desert. Its clusters of blue flowers provide color all summer. Utmost care is taken in selecting seeds from plants having the deepest blue flowers but variations may appear due to cross pollenization.			
Plumbago capensis alba. White Plumbago (9) -----		.40	-----
Similar in growth to blue plumbago listed above but flowers are white.			
POINSETTIA Henrietta Ecke. Double Poinsettia (10) -----		.45	1.85
The finest of the double flowering poinsettias. Produces large heads of brilliant red flowers around Christmas and for a considerable time thereafter. Cut back to 1 foot after flowering.			
POLYGALA dalmaisiana. Sweetpea Shrub (9) -----	.15	.40	1.65
A small to medium size shrub, evergreen with almost continuous flowering habit. Leaves small, light green, like box but pointed, dense and covered with orchid-like purple flowers. Prefers a dry soil. Useful in the foundation planting.			
POTENTILLA farreri (4) -----	.20	.50	-----
Low spreading shrub with yellow flowers.			
Potentilla fruticosa Gold Drops (4) -----	.17½	.50	1.65
This charming, small shrub is compact in growth and has a mass of golden buttercup-like flowers all summer. Its small fern-like leaves are equally beautiful.			
PRUNUS besseyi. Sand Cherry (3) -----	.15	.45	-----
Low growing attractive shrub producing white flowers and black edible fruit.			

PYRACANTHA ROSEDALE (8)

(Trade Mark Registered)

Loveliest of them all, Pyracantha Rosedale begins its beauty show in the spring with long, arching sprays of dainty ivory-white flowers that resemble delicate lace. These are highlighted by dark, rich green foliage. In the fall and through winter, the branches are literally laden with large berries of the darkest red of any pyracantha. One of the reasons for the wide preference for this shrub is its many uses. It gracefully lends itself as a specimen for unusual display . . . trained as an espalier against wall or fence or grouped into a brilliant hedge. Add to all these exclusive features the fact that Pyracantha Rosedale possesses a great resistance to disease and birds and you will understand the reasons for its powerful sales appeal. It must always be sold with Trade Mark tags attached.

Prunus cistena. Dwarf Red Leaf Plum (4)20	.60	1.75
Spectacular red-leaved plum that grows to about 6 feet in height. It has the richest red foliage of any of the plum varieties, and produces clusters of white flowers with showy red stamens.			
Prunus integrifolia. (P. lyoni). Catalina Cherry (8)45	1.75
Large, slow growing shrub or small tree with light green, spiny toothed foliage, white flowers and purple fruits. 3" pot			
	.20		
Prunus jacquemonti. Jacquemont Cherry (5)15	.45	1.65
The branches are filled with single, pink blooms in the spring followed later by sweet, tasty cherries.			
Prunus laurocerasus. English Laurel (6)17½	.45	1.65
Large shrub with heavy, rich green foliage. Can be sheared into specimen plants or tall hedges. Leaves broad and glossy. Hardy. Will not grow in alkaline soil.			
Prunus lusitanica. Portuguese Laurel (7)17½	.45	1.75
Evergreen shrub much like English laurel but leaves darker green, narrower and toothed. Hardy, compact growing.			
PUNICA Chico. Dwarf Carnation Flowered Pomegranate (7)17½	.50	1.75
One of the finest dwarf shrubs on our list. Deciduous but close growing, round in outline, 1 to 2 feet high. Leaves light green; flowers like bright red carnations in summer.			
Punica granatum nana. Dwarf Pomegranate (7)12	.40	
Dwarf, compact and bushy shrub. Deciduous, slightly taller than Chico, producing single red flowers and abundant fruits of ornamental value only.			
PYRACANTHA coccinea lalandi Monrovia (5)17½	.45	1.65
One of the hardiest pyracantha. Long arching branches with lustrous green foliage and sprays of bright orange berries in the fall and winter. Does well in the colder climates. 2-gal.			
	1.35		

	2¼" Pot	1-Gal.	5-Gal.
Pyracantha coccinea lalandi Thornless (4)17½	.45	1.65
Generally a thornless variety. Produces orange berries.			
Pyracantha coccinea pauciflora (4)17½	.45	1.65
An evergreen, low growing, shrub that is able to withstand extreme weather conditions. Produces large orange berries in the fall. 2-gal. 1.35			
Pyracantha coccinea Red (5)17½	.45	1.65
Similar to other coccineas in growth but berries are more red.			
Pyracantha Government Red (8)17½	.45	-----
A new variety with foliage like other red berrying types. Hardier.			
Pyramid			1.85
Pyracantha coccinea wyatti (5)17½	.45	1.65
Large clusters of orange-red berries are produced in early fall. Very hardy. 2-gal. 1.35			
Pyracantha crenata-serrata graberi. Graber's Firethorn (8)17½	.45	1.65
A large vigorous growing plant, outstanding for its large red berries produced in great clusters at Christmas time.			
1-gal. Pyramid 14"60	1-gal. Pyramid 30"75
5-gal. Pyramid 3'	1.85	5-gal. Pyramid 5'	2.50
Pyracantha Santa Cruz Prostrata (8)17½	.45	1.65
This pyracantha is valuable because of its prostrate habit of growth. Large red berries appear in the fall and are retained well into winter.			
Pyracantha Victory (8)17½	.45	1.65
One of the best red-berried pyracanthas. Strong growing. Large red berries are retained long after Christmas.			
1-gal. Pyramid 14"60	5-gal. Pyramid 3'	1.85
1-gal. Pyramid 30"75	5-gal. Pyramid 5'	2.50
		5-gal. Espalier	3.95
Pyracantha walderi prostrata (8)20	.50	-----
Especially large red berries in clusters. Spreading habit of growth.			
RAPHIOLEPIS indica Enchantress. Red Indian Hawthorne (T. M. Reg.) (8)75	2.25
A hardy, compact new shrub with upright growing habits. Large deep rose-red flowers are borne in clusters from late winter through spring. Foliage is heavy, leaves are a glossy, luxurious green. Grows in full sun or partial shade. Flowers vary from dark color near sea-coast to lighter color inland.			
Raphiolepis indica Springtime. Pink Indian Hawthorne (T. M. Reg.) (8)75	2.25
Taller growing than most. Upright, fast grower. Large flower clusters of bright pink, growing lighter in color farther away from sea coast. Features include glossy leaves, luxurious, heavy foliage. Blooms from late winter to spring. Evergreen. See picture back cover.			
Raphiolepis indica Santa Barbara (seedlings) (8)17½	.50	-----
Flowers will vary in color from a light pink to a deep rose.			
Raphiolepis ovata. Round-leaf Raphiolepis (6)15	.40	1.65
Medium to large evergreen shrub with rounded dark green leathery leaves of medium size; clusters of fragrant white flowers and blackberries. Hardy in sun or shade.			

	2¼" Pot	1-Gal.	5-Gal.
REINWARDTIA indica. Indian Flax (10)15	.40	
Dwarf compact shrub with clean light green foliage resembling phlox and bearing clusters of bright yellow flowers. Sun. 1 to 2 feet.			
RHAMNUS alaternus. Italian Buckthorn (8)15	.45	1.65
A large evergreen shrub or small tree, with appealing dark green heavy leaves. Deep blue berries appear in the fall. Often used as a hedge.			
Rhus lancea (9)20	.50	
Small evergreen tree from South Africa with attractive divided foliage. Does well in Southwestern United States.			
RICINUS communis Red. Red Castor Bean (8)50	1.75
Popular for its large amber green leaves in tropical plantings. Excellent for use as a screen.			
ROSA Centennial Miss (Pat. No. 1301) (5)35	.75	
Miniature rose with double red flowers. Very fragrant.			
Rosa Cutie (Pat. No. 1302) (5)35	.75	
Miniature rose with semi-double pink flowers.			
Rosa Oakington Ruby (5)20	.60	
Dwarf miniature type rose. Deep red double flowers—practically everblooming.			
Rosa Patty Lou (Pat Pend.)50	.75	
The first bi-color miniature. Small one inch very double rose colored flowers—like little carnations. Tiny bi-color buds with top of each petal colored rose and reverse side soft silver pink.			
Rosa rouletti (5)20	.60	
A midget rose—all parts in miniature. Grows 6 to 8" high. Double rose flowers are borne profusely in clusters.			
ROSMARINUS foresteri. Santa Barbara Rosemary (8)17½	.50	
Attractive small shrub with deep green foliage—semi-upright. Really the best Rosemary—very promising.			
RUSCUS aculeatus. Butcher's Broom (7)20	.60	
Rigid, erect growing evergreen shrub. Leaf like branches can be used near seashore, dense shade or dry soil. Painted foliage is used as holiday decorations.			
SALIX purpurea nana. Dwarf Blue-green Willow (2)17½	.50	
A charming low-growing willow greatly used for edgings. Easy to grow and will withstand the lowest temperatures in this country. The foliage is a blue-green. Can be pruned for formal effects or left natural.			
SALVIA greggi (8)15		
Very desirable for abundance of carmine-red flowers produced most of the year. Low growing evergreen drought resistant shrub.			
Salvia pitcheri. Blue Salvia (7)17½	.45	
Hardy perennial growing 2 to 2½ feet high with grayish green foliage and showy deep blue flowers. Very showy and useful for cutting.			
SARCOCOCCA ruscifolia (7)17½	.50	1.85
It has small, white bloom, dark handsome finish of its waxy leaves, dense habit of growth, and due to the fact that it will thrive in deepest shade, it has long been a favorite for the shaded garden.			
SAXIFRAGA lingulata alba. White Saxifraga (8)20	.60	
Similar in growth to Saxifraga but the flowers are white.			

	2¼" Pot	1-Gal.	5-Gal.
Saxifraga rubicunda (Bergenia cordifolia) (8)17½	.45	-----
A small perennial evergreen plant for shade, having attractive dark green glossy leaves. Clusters of pink-orchid flowers appear in winter and early spring.			
SCHEFFLERA actinophylla (10)20	.60	2.50
This member of the very useful Aralia family may be used for indoor planting while young, because of its pendulous, glossy, green foliage. For patio use, this plant will become a lovely small evergreen tree with graceful habit of growth.			
SERISSA foetida variegatus (8)15	.40	-----
A small shrub with very desirable, compact variegated foliage. Refined for planting when space is restricted. Excellent for dish gardens.			
SKIMMIA japonica (female) (7)	-----	.75	-----
A dwarf compact growing shrub. Grows best in partial shade. Produces rich scarlet berries. Glossy deep green foliage.			
Skimmia japonica (male) (7)	-----	.75	-----
Attractive small shrub. Foliage glossy deep green.			
Solanum macrantherum (9)20	.60	1.85
Woody climber having beautiful violet shade blooms in clusters, followed by red berries.			
Solanum rantonetti Improved. New Blue Solanum (10)15	.45	1.65
Medium to large free blooming evergreen shrub or vine. Flowers are interesting cart-wheel pattern, an inch across in deep blue with bright orange hub.			
1-gal. staked50	5-gal. staked	1.95
5-gal. tree-type	2.50		
SOLLYA heterophylla. Australian Blue-Bell (9)17½	.45	1.65
Trailing shrub or creeping vine useful as a ground cover, as a low shrub or even as a low hedge. Foliage small, dark green leaved and small blue bell shaped flowers.			
SPARMANNIA africana (9)17½	.50	1.75
White hairy tree or shrub of Africa with alternately toothed or lobed leaves, having white flowers with yellow stamens. Moderate temperature, plenty of light and air.			
SPARTIUM junceum. Yellow Spanish Broom (7)15	.40	1.65
Many bright green slender branchlets almost devoid of leaves. Produces yellow flowers most of the year. Thrives on the desert or at the seashore.			
SPIRAEA Anthony Waterer. Dwarf Pink Bridalwreath (4)15	.40	1.65
Dwarf deciduous shrub about 2 feet tall, with compact growth and flat heads of rosy-pink flowers. Full sun.			
Spiraea prunifolia. Shoe Button Spiraea (4)15	.40	-----
A comparatively small shrub, seldom growing more than 4 to 5 feet. It is of spreading, upright growth with graceful branches which are wreathed in early spring with double white flowers along the stems. Deciduous.			
Spiraea reevesiana (S. cotoniensis). Double Bridal Wreath (4)15	.40	-----
Deciduous shrub to 5 feet with arching branches covered with a profusion of clusters of double white flowers in spring. Hardy.			
Spiraea van houttei. Bridal Wreath (4)15	.40	-----
All over the country in spring, blooming spiraea is widely planted and relished for the festoons of tiny white single flowers.			

	2¼" Pot	1-Gal.	5-Gal.
STRELITZIA nicolai. Bird of Paradise Tree (10)	1.00	2.75	
The flowers of this plant are of such exotic form and coloring as to suggest the head of a cockatoo. Has white flowers with blue tongues and flowers freely without special care. The foliage is similar to a banana, but more leathery and withstands wind and weather well.			
3" pot50		
Strelitzia reginae. Bird of Paradise (10)30	1.00	2.75
The flowers have realistic bird-like heads in orange, blue, and purple, that bloom during the fall and winter. Large banana-like leaves, leathery and tropical looking. 3" pot			
	.50		
SYRINGA persica Hathaway (4)17½	.50	1.75
An attractive lilac having long dense clusters of fragrant lavender flowers in early spring. This originated at the Hathaway Nurseries, Visalia, California.			
Syringa persica laciniata. Cutleaf Persian Lilac (5)15	.40	1.65
The most reliable lilac for planting in southern California. Deciduous shrub to 6 feet with finely cut light green leaves and long sprays of bright lavender lilac flowers in spring. Fragrant.			
Syringa rothomagensis (S. Chinensis). Chinese Lilac (4)15	.40	
Unusually large purple blossoms are borne profusely in the spring. This was hybridized in France in the 18th Century between varieties of persica and vulgaris. Very popular.			
TABERNAEMONTANA grandifolia (10)20	.60	1.95
A tropical shrub or small tree used for unusual plantings. Its fragrant white flowers are followed by berries in summer.			
3" pot35		
TAMARIX hispida coolidgei. Pink Tamarix. (4)15	.45	1.65
Much planted in desert areas for the drought and heat resisting ability of this shrub. Large in size with plummy light green scale-like leaves and billowy masses of pink flowers.			
TECOMA capensis (Tecomaria capensis). Cape Honeysuckle (9)15	.40	1.65
Free growing large shrub or vine with glossy green pinnate leaves and brilliant clusters of orange-red trumpet shaped flowers.			
5-gal. staked	1.95		
Tecoma stans (Stenolobrium stans) Yellow Bells.			
Esperanza (7)17½	.50	
Evergreen shrub producing bright yellow flowers shaped like bells from September through January. Large luxurious tropical foliage.			
TERNSTROEMIA japonica (8)60	1.95
Tropical evergreen trees or shrubs with solitary or clustered flowers about an inch across, pale-yellow. Also bearing attractive berries.			
TETRAPLASANDRA merandra (9)			3.00
Similar to Schefflera in appearance and growing habits, but much hardier. Prefers shade. Used for tropical effects.			
TEUCRIUM chamaedrys (5)15	.40	
Especially adapted to heat and drought, this very procumbent shrub, having glossy leaves and reddish-purple flowers during summer, makes an excellent border plant.			
Teucrium fruticans (7)15	.45	
This plant is well adapted to plantings in rock or wild gardens. The foliage is silvery gray. Bears small blue flowers.			
THEVETIA nerifolia. Yellow Oleander (10)			1.85
This is an evergreen tree with alternate leaves. Has strikingly large, yellow funnel-like flowers in terminal clusters which are pleasingly fragrant. Also bears hard, black angled fruit.			

JASMINUM MAGNIFICUM

	2¼" Pot	1-Gal.	5-Gal.
TURRAEA obtusifolia. Star Bush (10)	-----	-----	1.75
A refined low growing shrub with small neat foliage. The white flowers are star-shaped and are in bloom almost continuously.			
VERONICA andersoni (Hebe andersoni) (9)15	.40	-----
Compact evergreen shrub with smooth, light green leaves and pointed spikes of lavender blue flowers. Almost everblooming.			
Veronica Autumn Glory (9)20	.50	-----
Very showy free flowering small shrub. Compact growth. Deep lavender-blue flowers.			
Veronica buxifolia (Hebe buxifolia) (7)15	.40	-----
A fine leafed shrub for low specimens or hedge plantings. The thick leaves are arranged extremely regular on the stems.			
Veronica imperialis (Hebe speciosa) (9)15	.40	1.65
Thick rounded leaves with purple veins. Flowers in pointed spikes, deep wine red. Veronicas are excellent evergreen shrub for planting in coastal areas even in exposed places.			
Veronica menziesi (9)20	.50	-----
Dwarf compact shrub with small dark leaves. White flowers. Free bloomer.			
VIBURNUM burkwoodi (5)20	.60	1.85
In early spring this handsome shrub bears a large 3-inch head of waxy, white, pink-flushed flower clusters. It has a sweet, gardenia-like fragrance.			
3" pot35		

	2 1/4" Pot	1-Gal.	5-Gal.
Viburnum cinnamomifolium (7) _____		.60	
Large growing evergreen shrub. Foliage is heavily veined and has a velvety texture.			
Viburnum japonicum (8) _____	.15	.40	1.65
Beautiful compact shrub with large light green foliage and clusters of white flowers.			
Viburnum odoratissimum. Sweet Viburnum (8) _____	.17 1/2	.40	1.65
A very dependable plant of erect growth and bearing fragrant white flowers. Its large thick leaves of unusual texture make a most attractive shrub throughout the year.			
Viburnum opulus sterile. Eastern Snowball (3) _____	.17 1/2	.45	1.65
Hardy deciduous shrub to 8 feet. Flowers in globular clusters pure white in May and June. Easy to grow.			
Viburnum suspensum. Sandankwa (8) _____	.15	.40	1.65
One of the finest evergreen shrubs for foliage and flowers. Fragrant white flowers followed by black berries. Sun or shade.			
Viburnum tinus robustum (7) _____	.15	.40	1.65
Medium to large evergreen shrub with luxuriant deep green foliage. White flowers in clusters, often blushed with pink are followed by black berries. Sun or shade. Improvement on V. tinus, practically mildew proof.			
Viburnum tinus variegata (7) _____	.17 1/2	.45	
Variegated form of Viburnum tinus.			
Viburnum tomentosum Plicatum grandiflorum (4) _____		.50	
Pure white flowers are arranged in a perfect round ball. Leaves are most attractive with heavy veination.			
Viburnum wrighti (5) _____	.17 1/2		
Upright growing shrub with broad attractive leaves. Large clusters of white flowers are produced in the spring followed by red berries in the fall.			
Vitex macrophylla. Lilac Chaste Tree (6) _____	.15	.40	
A graceful shrub with long spikes of lovely pale blue flowers. It blooms freely through the summer. A vigorous grower and produces its flowers on the new wood. An improvement over Agnus-castus.			
WEIGELA Bristol Ruby (Pat. No. 492) (4) _____	.35	.60	1.85
A new deep red flowered Weigela. Excellent dark green foliage.			
Weigela rosea Pink Weigela (4) _____	.15	.40	
Medium to large size deciduous shrub producing masses of pink flowers in spring. Excellent light green foliage. Sun.			
Weigela rosea variegata (4) _____	.15	.40	
Foliage variegated white and green. Effective for foliage contrasts, and heavy bloom of pink and white flowers.			
Weigela vaniceki (4) _____	.17 1/2	.45	1.65
Highly desirable shrub having large bright red flowers and upright compact habit of growth. Very hardy. This weigela has an especially long blooming period.			
WIGANDIA macrophylla _____	.17 1/2	.50	1.85
Large shrub or small tree. Large tropical leaves and blue violet flowers. Used for tropical plantings.			

	2¼" Pot	1-Gal.	5-Gal.
WOODWARDIA radicans. Chain Fern (9)17½	.60	1.75
Suited to outdoor culture and easily managed if moisture is adequate. Some varieties will produce fronds to 9 ft. and 10 ft. long and 1½ ft. wide.			
XYLOSMA senticosa (Myroxlon senticosum) (8)20	.50	1.75
Trailing shrub with light green glossy foliage. Recommended for narrow places as a ground cover, or espaliered on a trellis or wall. Always an attractive foliage shrub showing reddish tints in the new growth.			
ZINGIBER officinale Yellow (Yellow ginger) (9)60	1.85
Tropical plant growing to approximately 3' in height. Creamy yellow flowers have ginger fragrance.			

PALMS, BAMBOOS AND GRASSES

Tropical landscaping is sweeping the country! You're due for a major share of this increasing volume business when you stock MN's superior-grown palms, bamboos and exotic grasses. They're container grown in our vast growing grounds. Order today!

	2¼" Pot	1-Gal.	5-Gal.
ARRHENATHERUM elatius tuberosum. Oat Grass (8)15	.40	-----
A popular member of the grass family. Leaves are slender blade-like, striped creamy-white and forest green. Excellent for accent and tropical plantings.			
BAMBUSA Dwarf (7)25	.50	-----
Small growing, feathery and very delicate. Excellent for modern plantings.			
Bambusa Golden Goddess (7)75	2.50
Very picturesque with slender yellow canes and well feathered golden stems. Excellent for accent in modern landscaping. Dwarf.			
Bambusa Sunlight (7)75	2.50
Attractive yellow-green canes and stems. Grows to a medium height.			
CHAMADOREA elegans. Neanthebella Palm (9)30	1.25	-----
A beautiful dwarf palm so useful for indoor plantings or for creating tropical effects.			
CORTADERIA selloana (Cynerium argenteum) Pampas Grass (9)15	.50	1.85
This grass forms a mass of heavily serrated leaf blades. During the fall, the entire shrub is covered with large handsome white plumes. Especially suitable for warm, dry climates.			
CYPERUS alternifolius nanus. Dwarf Umbrella Plant (9)45	-----
A dwarf paper-reed shrub. Accents any planting with umbrella-like heads. Attains height of approximately 2 feet.			
Cyperus papyrus. Egyptian Paper-reed (9)17½	.45	1.75
The stems are headed with feathery foliage. The leaves are stalk-like and dark green. Prefers abundance of moisture. Attains height of approximately 6 feet.			
Cyperus papyrus nanus. Dwarf Paper-reed (9)50	-----
This dwarf paper-reed is exceedingly desirable for modern landscaping. Yellow-green tassels form on the end of each stem.			
DRACAENA draco. Dragon Tree (9)20	.60	-----
The large tropical appearing leaves are wide and rigid. This variety prefers a dry location.			

	2¼" Pot	1-Gal.	5-Gal.
Dracaena indivisa (Cordyline inflivisa). Dracaena Palm (9)15	.45	1.75
Small tree of the lily family with leaves like yucca, long narrow sword-shaped and plumes of creamy white flowers when blooming. Used for desert or tropical effects.			
Dracaena indivisa blue (9)25	---	---
Similar to other Dracaena except the foliage has blades with a blue shading.			
Dracaena indivisa lineata (9)25	---	---
The veins are accented with a lighter green—almost a variegation.			
DORYANTHES palmeri. Spear Lily (9)	---	.95	---
This large desert succulent with its sword-like leaves offers many accent possibilities. Produces bright scarlet flowers high on the foliage.			
ELYMOS arenarius. Sealyne Grass (8)	---	.50	---
Vigorous strong grass, powdery blue color. Often used along the seashore or in areas where it is necessary to hold soil or sand in place.			
EQUISETUM hyemale. Horsetail Reed Grass (6)	---	.50	---
Rush-like tropical appearing grass. Deep green and pointed. It lends accent to landscaping.			
ERYTHEA edulis. Guadalupe Palm (9)20	---	---
The attractive fans are clear bright green the entire year. Stems shed readily to leave a clean trunk. The round fruits are edible and have the flavor of apricots.			
LIRIOPE spicata (Lirope graminifolia) (9)15	.45	---
A good, grasslike subject that may be used either as a ground cover or in a dish garden. It has a well defined and interesting habit of growth. The flowers are a light lilac to almost white.			
OPHIPOGON japonicus. Dragon's Whiskers (8)15	.45	---
Named because of its sod-forming habit. It is a valuable ground cover plant, having the ability to look neat and attractive the year around. Flowers are light lavender.			
PENNISETUM villosum. Feather Grass (9)15	.40	---
A grass native to Abyssinia that proves very satisfactory for modern plantings. The leaves are long and narrow. Produces spikes headed with long, feathery bristles.			
PHALARIS picta variegata. Ribbon Grass (8)	---	.75	---
Tall perennial for garden accent. Leaves striped with white the length of the blade. Makes a good border.			
PHOENIX canariensis. Ornamental Date Palm (8)17½	.50	---
Forms an immense crown of gracefully curving fronds. Rapid grower.			
WASHINGTONIA robusta. Mexican Fan Palm (8)17½	.45	1.85
A popular fan palm growing tall and slender with brilliant green foliage.			

TREES

Trees you purchase from MN live up to the homeowner’s greatest expectations in every way! Carefully grown from seedling to shipment, they assure the buyer of unbounded satisfaction—assure you of maximum profits!

	2¼" Pot	1-Gal.	5-Gal.
ACACIA baileyana. Silver Wattle (9)15	.45	1.95
The best Acacia for street planting, lawns, for shade, etc. Will not lift the soil or heave pavements. Medium-sized evergreen tree with round head of blue-green fern-like foliage and masses of fluffy yellow flowers in late winter and spring.			
Acacia floribunda. Everblooming Acacia (9)15	.45	1.95
Very popular small round headed evergreen tree. Foliage is a good green, clean and neat; flowers bright yellow, fluffy appearing most of the year.			
Acacia latifolia. Bush Acacia (9)15	.40	1.65
A small evergreen tree or large bush with long leaves and bright yellow fluffy flowers in spring. Much used as a background shrub or windbreak.			
Acacia podalyriaefolia. Pearl Acacia (9)17½	.50	1.85
Beautiful small evergreen tree with roundish oval, silver-gray leaves and rich yellow flowers in long clusters.			
ACER palmatum. Dwarf Japanese Maple (5)15	.50	1.95
A small bushy tree that grows slowly and gracefully. The leaves turn a rich shade of gold and red in the fall. Deciduous.			
Acer palmatum atropurpurea.			
Blood-leaf Dwarf Japanese Maple (5)95	-----
Similar to Acer palmatum in growth, but the leaves are red all year and become blood-red in the fall.			
Acer paxi. Evergreen Maple (9)17½	.50	1.95
Recently introduced from the Orient, this shade tree is proving very satisfactory for Southern and Western United States. It forms a perfect shade tree of fine proportions. Its lustrous, bright green leaves add vivid contrast to the landscape.			
ALBIZZIA julibrissin. Silk tree, Mimosa Tree (6)15	.45	1.75
A small deciduous tree that develops rapidly. The leaves are light green, frond-like and feathery. In summer, quantities of pink flowers in silken bundles appear at the upper end of the branches.			
Albizzia lophantha. Plume Acacia (8)15	.45	1.95
An “eye catching” evergreen tree with fern-like foliage. Attains a height of approximately 25 ft. Bright golden flowers appear in the spring.			
ALNUS cordata. Italian Alder (5)15	.50	1.95
A strong, fast growing very symmetrical tree. Deciduous.			
Alnus glutinosa. Black Alder (5)20	-----	-----
Large, fast growing deciduous tree planted for shade and ornament. The leaves are rounded and dark green.			
Alnus rhombifolia. (A. californica). White Alder (8)15	.50	1.95
Tall growing, shapely tree, native of the California canyons. Develops quickly to make a shade tree of excellent proportions. Deciduous.			
1-yr. Bare-rooted seedlings06 each		

	2 1/4" Pot	1-Gal.	5-Gal.
BAUHINIA purpurea. Orchid Tree (10)17½	.50	1.95
This desirable small tree produces a profusion of orchid-like flowers in the spring. Although we take utmost care to select seeds from plants having the true orchid color flower, variations might appear due to cross pollinization by birds and insects.			
BETULA alba. European White Birch (2)15	.45	1.95
A slender, graceful picturesque tree. The white flaky bark blends well with surroundings. Deciduous.			
Bare-root seedlings08 each		
CALODENDRUM capense. Cape Chestnut Tree (9)25	.60	1.95
Evergreen, medium sized stately tree, producing beautiful rose-lavender flowers in early summer.			
CAMPHORA officinalis (Cinnamomum camphora).			
Camphor Tree (8)15	.45	1.95
The standard tree in many communities. Uniform, light green foliage becomes colorful with the bronzy-red new growth. Dark gray to black trunk and branches very attractive.			
CASTANOSPERNUM australe. Mortonbay Chestnut (8)35	.85	2.25
Tall attractive tree with light green leaves. Flowers range in color from yellow to red. In the fall nuts are produced that are tasty if roasted.			
CEDRUS (Cedars). See Conifer Section			
CERATONIA siliqua. Carob, St. John's Bread Tree (8)17½	.45	1.95
An excellent, long lived, deep rooted evergreen tree of medium size. The round head of deep green foliage is always attractive. Makes dense shade; never becomes large.			
CLETHRA arborea. Lily of the Valley Tree (10)17½	.50	1.75
Large, evergreen shrub or small tree for partial shade. Leaves large, 4 inches long and deep green and leathery. Flowers in long panicles, each resembling Lily of the Valley.			
1-gal. staked60	5-gal. tree-type	1.95
CORYNOCARPUS laevigatus. New Zealand Laurel (9)50	1.95
Evergreen shrub or small tree highly desired for its neat appearance—deep forest green leaves, which are glossy and thick.			
4" pot30		
DAIS cotinifolia (9)20	---	---
Small evergreen tree that produces beautiful fragrant pink flowers in the summer.			
ERIOBOTRYA japonica. Loquat (9)15	.40	1.75
Small to medium size tree with large, dark green leaves making dense shade and pear-shaped yellow, edible fruits. A good subject for espalier work (seedlings).			
5-gal. Espalier	4.50		
Eriobotrya japonica. Gold Nugget (9)	---	---	2.50
Grafted plants that insure lush heavy leaves and most important, large golden edible fruit. Evergreen.			
EUCALYPTUS cinerea (8)17½	.45	1.95
Evergreen tree of medium size. Really an improved type of Eucalyptus pulverulenta. Especially good for florists.			
Eucalyptus citriodora. Lemon Scented Gum (10)15	.45	1.95
Tall, strong growing evergreen tree with picturesque smooth trunks with peeling bark, long, pointed, lemon scented leaves and white flowers. Widely planted and characteristic of California landscapes.			

2 1/4" Pot 1-Gal. 5-Gal.

Eucalyptus ficifolia. Scarlet Flowering Gum (10)15 .45 1.95

Small to medium sized evergreen tree, much used for street planting and as a specimen for the showy masses of bright red flowers. The leaves are dark green, pointed and leathery. We do our utmost to secure seeds from plants having the brightest red flowers, but variations will appear due to cross pollinization.

Eucalyptus globulus compacta. Bushy Blue Gum (9)15 .40 1.65

Dwarf, compact growing evergreen tree producing dense, blue-green masses of foliage. Used for background planting and wind-breaks.

Eucalyptus polyanthemos. Redbox Gum (8)15 .40 1.95

A tall growing, open headed tree having handsome grayish-blue leaves. Resistant to much frost and drought. The foliage is especially valuable for decorative purposes. Evergreen.

Eucalyptus pulverulenta. Silver Dollar Gum (8)15 .45 1.95

Small tree with bluish foliage. Contrasts very well in any ornamental planting. Excellent for cutting and floral makeup.

Eucalyptus rostrata. Red Gum (8)15 .40 1.95

A rapid grower with long narrow leaves. This tree endures much heat and drought. Evergreen.

Eucalyptus rudis. Desert Gum (8)15 .40 1.95

Tall growing tree suitable for desert areas.

Eucalyptus sideroxylon rosea. Pink Ironbark (9)15 .40 1.95

Medium size tree with brownish red, rough bark and long, pointed, dark green leaves. Flowers in large clusters, pink. Profuse blooming.

Eucalyptus viminalis. White Gum (8)15 .40 1.95

A fast growing evergreen tree that sheds its bark leaving a smooth white trunk. Has a widespreading crown with long, narrow leaved branchlets.

FICUS mysorensis (10)20 .75 2.25

This native of India serves well as a shade tree in subtropical work because of its large, interesting leaves. It has round, red fruit which is borne in pairs.

Ficus religiosa. Bo Tree (9)20 .75 2.25

The sacred tree of India. Of slow growth, but makes an excellent small tree for yard planting. Noted for its poplar-like leaves which have long tail-like appendages.

FRAXINUS uhdei. Shamel Ash (9)15 .45 1.95

Medium size, slender, evergreen tree excellent for street planting or as a shade tree because of its clean habit. Leaves long, glossy green. Introduced from Mexico.

GINKGO biloba. See Conifer Section

GORDONIA alatamaha (Frankliniana alatamaha) (5) 2.50

Small growing tree. Leaves turn scarlet in the fall along with its large white single flowers. Very distinct.

GREVILLEA robusta. Silk Oak (9)15 .45 1.95

Tall tree making a narrow columnar head of fern-like, dark green leaves and candelabras of bright, orange-yellow flowers in spring. This is the tree shown on Chinese pottery. Evergreen.

HARPEPHYLLUM caffrum. Kafir Plum (9)25 .60 2.25

Attractive small growing tree. The edible fruit is dark red and about the size of an olive.

IDESIA polycarpa (6)25 .75 2.25

Tall growing tree bearing fragrant yellow flowers in the spring followed by orange-red berries. One of the most beautiful trees. Deciduous.

	2¼" Pot	1-Gal.	5-Gal.
JACARANDA mimosaeifolia. Jacaranda (10)17½	.45	1.95
Medium size tree with large, fern-like light green leaves and clusters of bignonia-like lavender blue flowers in June. Widely planted as a street tree.			
KIGELIA pinnata. Sausage Tree (9)			2.50
Large seed pods resembling sausages hang from this unusual tree. Evergreen. Medium height.			
KOELRUTERIA paniculata. Golden Rain Tree (5)17½	.50	1.95
Deciduous tree obtaining the height of about 30 ft. In the late spring it produces panicles of yellow flowers.			
LAGERSTROEMIA indica rosea. Pink Crape Myrtle (6)17½	.45	1.65
Large specimen shrub or small tree; hardy and deciduous. Becomes a mass of crepe-texture, rose pink flowers in summer.			
1-gal. staked55	5-gal. tree type	1.95
Lagerstroemia indica rubra. Red Crape Myrtle (6)17½	.45	1.65
Vigorous upright growth. Hardy and deciduous. Rose-red flowers. Makes the finest tree type crape myrtle.			
1-gal. staked55	5-gal. tree type	1.95
Lagerstroemia reginae orchid. Queen's Crape Myrtle (10)			2.50
Queen's Crape Myrtle is the most beautiful of all crape myrtles. Summer flowering tree or large shrub, producing great spikes of rich lavender flowers. Sensational.			
Lagerstroemia indica. Watermelon Red (6)20	.50	1.75
Never surpassed for summer and fall color. Vigorous shrub that becomes a mass of crinkly, bright red flower clusters. Can be grown as a small tree or shrub. Deciduous.			
1-gal. staked60	5-gal. tree type	2.25
Lagerstroemia indica White (6)20	.50	1.75
Large, snow white flowers—unusually ruffled and set in dense panicles along the branches. Very showy. Deciduous.			
1-gal. staked60	5-gal. tree type	2.25
LEUCAENA retusa. Little Leaf Leadtree20	.60	
Acacia-like foliage. Related to the Mimosa tribe. Attains the height of 30 ft.			
LIQUIDAMBAR styraciflua. Sweet Gum (5)15	.45	1.95
Tall deciduous tree with a pyramidal head of maple-shaped leaves of deep rich green, but assuming very brilliant shades of crimson and bronze in fall. One of the few trees with bright autumn coloration for California.			
LIRIODENDROM tulipifera. Tulip Tree (5)17½	.50	1.95
In the spring tulip-shaped flowers of yellow-orange form a vivid contrast against the bluish-green foliage. The large leaves develop an autumn color in the fall. Deciduous.			
Bareroot seedlings08 each		
MAGNOLIA grandiflora. Southern Magnolia (7)17½	.45	1.95
Medium size evergreen tree with spreading head of large, deep green, glossy leaves and immense lily-like, fragrant flowers. Excellent specimen and street tree.			
MAYTENUS boaria. Mayten Tree (9)			1.95
An erect but graceful tree attaining a height of 35 ft. Foliage and growing habits are the real attraction.			

	2¼" Pot	1-Gal.	5-Gal.
MYRCIARIA edulis. Cherry of the Rio Grande (10)20	.60	1.95
Handsome evergreen tree that attains a height of about 15 ft. Bears heavy crops of tartarian cherry-like fruit—at first brilliant scarlet—then turn deeper in color. Good for preserves.			
OLEA manzanilla. Manzanilla Olive (8)17½	.50	1.95
A round-headed tree with exceptionally handsome and distinctive, gray-green foliage. The leaves are silvery beneath. Not only important as an ornamental but the best fruiting, commercial variety available.			
5-gal. bush type	1.65		
OLMEDIELLIA betscheleriana. Costa Rican Holly (10)17½	.50	1.95
Evergreen shrub or tree having large, thick, glossy serrated leaves. Very desirable and neat in growth. Excellent for use as large hedges.			
1-gal. Staked60	5-gal. tree type	1.95
PINUS (Pines) — See Conifer Section			
PISTACIA chinensis. Chinese Pistachio (7)60	1.95
A very desirable deciduous tree. Will give an abundance of cooling shade in the summer. In the fall and early winter there is no finer plant for intensity of foliage coloring.			
PITTOSPORUM undulatum. Victorian Box (10)15	.45	1.65
Large shrub or small tree with rich green, pointed leaves with wavy edges; fragrant, creamy-white flowers followed by orange berries. Very desirable for screen and parkway planting.			
5-gal. tree type	1.95		
PLATANUS racemosa. California Sycamore Tree (7)			1.95
Large deciduous growing tree used for ornament and shade. Leaves are a beautiful color in the fall as they turn golden colors.			
POINCIANA gilliesi (8)20	.60	
Shrub or small tree with many small leaves. Attractive, yellow flowers with long, red stamens.			
PRUNUS caroliniana. Carolina Cherry, Cherry Laurel (7)12	.40	1.65
Large shrub for background planting or a small tree with dark, glossy, green foliage. Very nice in habit. White flowers followed by small, dark berries.			
5-gal. tree type	2.50		
PYRUS kawakami. Evergreen Pear (9)		1.00	
May be grown as a small tree, a large shrub or very effectively espaliered. The glossy luxuriant foliage is handsome the year around. In the spring it's a mass of fragrant white flowers. Grafted.			
5-gal. 2 stakes	3.50	5-gal. 1 stake	2.50
5-gal. Espalier	4.50		
QUERCUS agrifolia. California Live Oak (9)50	1.95
A round-headed, spreading, evergreen tree which will attain considerable height. The rough black bark is in pleasing contrast to the dark green foliage. A beautiful lawn tree with pendulous branches, this species is deep-rooted and grows quickly.			
3" pot20		
Quercus Ilex. Holly Oak (7)50	1.95
An excellent medium-sized evergreen tree with shiny finely toothed, holly-like leaves. This most desirable street or shade tree is the fastest growing and hardiest of the evergreen oaks.			
3" pot25		
RAUWOLFIA plieosciadica (10)			2.50
Shrub or small tree to 20 feet. Leaves in whorls of 3 or 4. Long white flowers.			

	2¼" Pot	1-Gal.	5-Gal.
SCHINUS molle. California Pepper Tree (9)15	.45	1.95
Medium to large round headed hardy tree. Graceful weeping branches and feathery foliage. Insignificant flowers followed by tiny bright red or coral colored berries.			
Schinus terebinthifolia. Brazilian Pepper Tree (9)15	.45	1.95
Medium size tree. Leaves larger and darker green; berries red. A more refined tree than molle and should be more widely planted.			
SEQUOIA. See Conifer Section			
SOPHORA secundiflora. Texas Mountain Laurel (7)60	2.50
Evergreen shrub or small tree that bears violet-blue flowers during February to April. Flowers have a violet fragrance. The silvery gray pods open to show the red seeds late in the fall.			
3" pot35		
SPATHODEA campanulata. African Tulip Tree (10)		1.50	3.50
Eye-catching, large scarlet cup-shaped flowers appear in winter. Rapid growing—very rare.			
STENOCARPUS sinuatus. Firewheel Tree (10)			2.50
Native to Australia but grown outdoors in Southern California. Having bright red flowers hanging in heavy umbels.			
TRISTANIA conferta. Brisbane Box (9)17½	.50	1.95
A shrub or tree which grows quite large, having groups of small white flowers borne in the axil of the leaves.			
ULMUS parvifolia sempervirens. Evergreen Elm (7)20	.50	1.95
A fine small tree for lawn planting. Makes a flattened spreading rounded head with gracefully arching branches and small deep green leaves. Evergreen.			
Ulmus parvifolia sempervirens Drake (7)20	.60	2.25
The rich foliage, the classically shaped trunk, and gracefully sweeping branches of this evergreen tree, make it a winner in shade tree competition. It grows more upright than the well-known Evergreen Elm.			
Ulmus parvifolia sempervirens brea (7)25	.60	
Similar to Ulmus sempervirens Drake.			
VITEX lucens. New Zealand Chaste Tree (9)60	2.25
Very desirable small tree for its dark green foliage alone. In late summer countless pink flowers appear. Later, it has an abundance of orange-red berries.			
ZELKOVA serrata (5)20		
Deciduous. An elm-like tree with vigorous growth.			

VINES

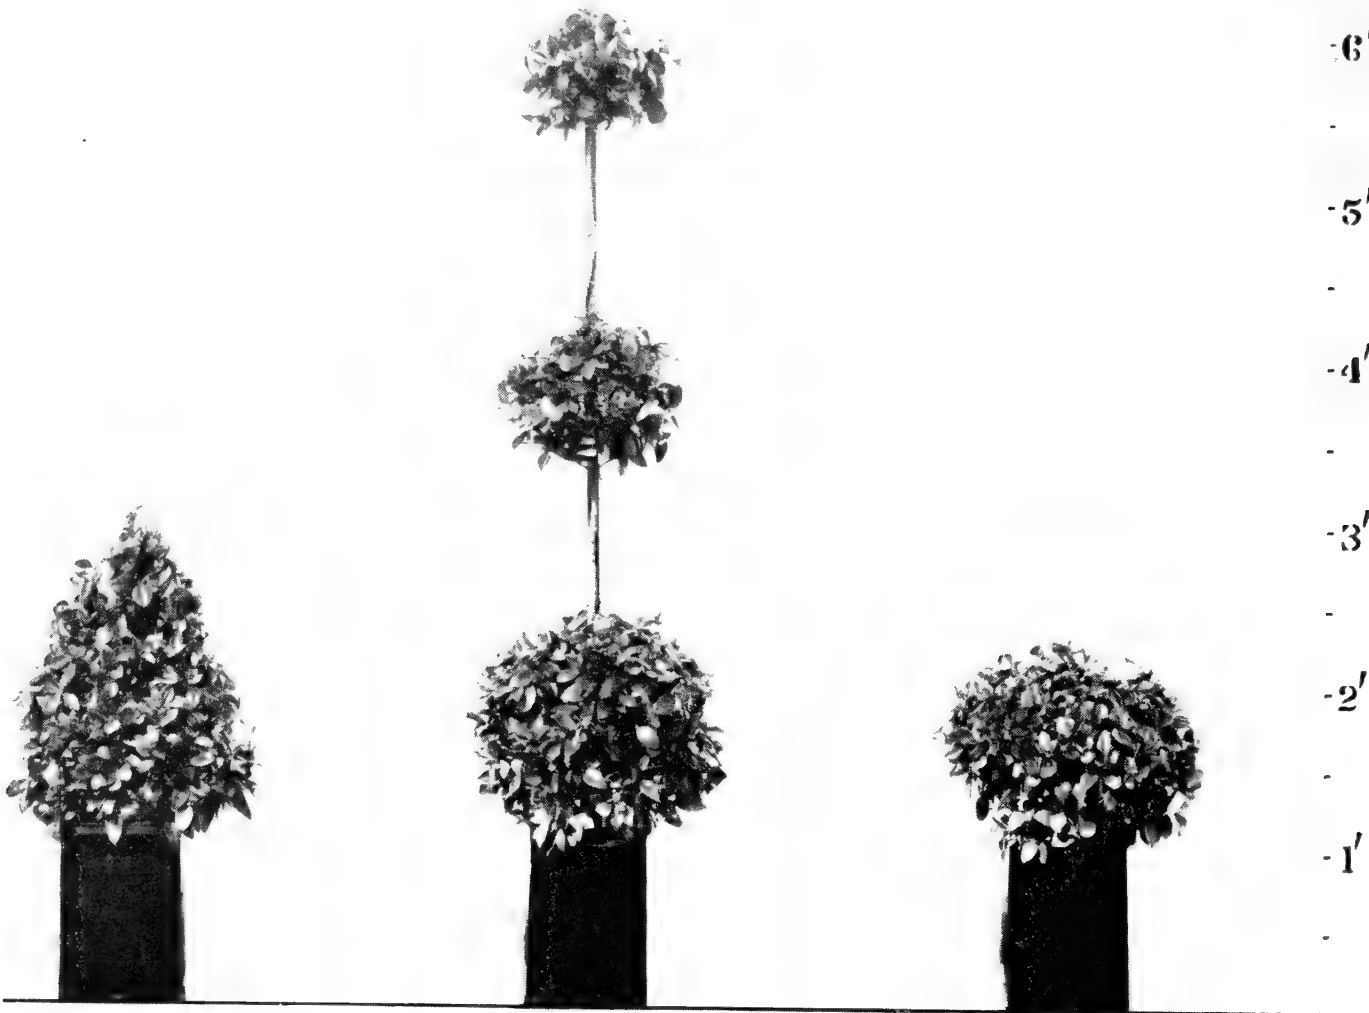

Vines are as distinct in personality as people. MN has made it a point to make available to you vines which will satisfy every need and increase your sales. Varieties listed below include evergreen, deciduous and flowering types—all grown to conform to MN’s exceptionally high quality standards.

AMPELOPSIS henryana (Parthenocissus henryana) (7)17½	.50	
Extremely ornamental, half clinging vine. The silvery-white veins are very pronounced. There is a purplish cast underneath each leaf. Coloring is more intense in the shade.			
Ampelopsis quinquefolia. Virginia Creeper (4)17½	.50	
Excellent deciduous vine for colder climates. Clings easily to masonry walls. The fine parted leaves are most attractive.			

2 1/4" Pot 1-Gal. 5-Gal.

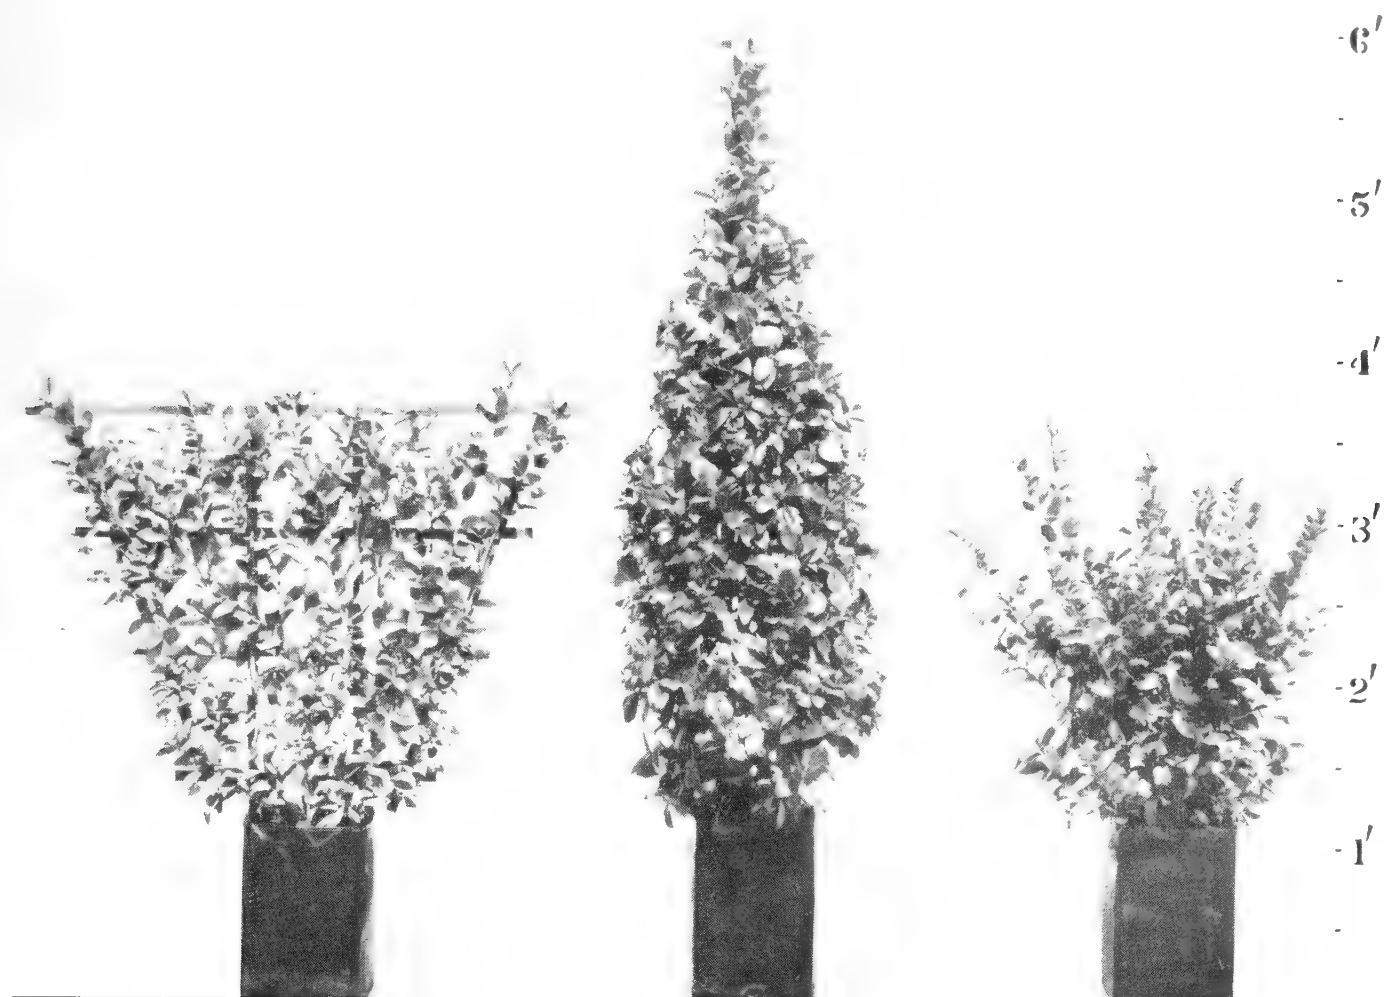

Ampelopsis veitchi (Parthenocissus tricuspidata veitchi).			
Boston Ivy (4)15	.45	1.85
Deciduous, close clinging vine, especially suited to cover masonry walls. The pointed leaves, besides making a desirable pattern, turn bright colors in the fall.			
ANTIGONON leptopus. Rosa de Montana, Queen's Wreath,			
Coral Vine (9)15	.50	-----
Rapid climbing vine especially adapted to the warmer sections because it makes quick growth and blooms freely. Flowers are bright pink.			
Beaumontia grandiflora. Easterlily Vine,			
Herald's Trumpet (10)20	.50	1.85
A fast growing, truly individualistic, evergreen vine, excellent for tropical effects with beautiful, large, dark green leaves, and fragrant, showy, trumpet-shaped, white flowers.			
BIGNONIA chamberlayni (Anemopaegma chamberlayni).			
Yellow Trumpet Vine (7)17½	.45	1.85
Strong growing, evergreen vine with clusters of showy, yellow-orange, trumpet shaped flowers. An ideal cover for fences, etc., where it is desirable to get a quick cover.			
Bignonia cherere (Phaedranthus buccinatorius).			
Scarlet Trumpet Vine (10)20	.50	1.85
A beautiful evergreen vine that will stand slight frosts. Makes a heavy verdant cover and large sprays of huge trumpets. Bright red with a yellow tube. The cuttings for these are taken from the best large leaf type.			
Bignonia tweediana (Doxantha unguis-cati).			
Catclaw Yellow Trumpet (6)15	.45	1.85
Hardy, deciduous vine with slender shoots that cling to any surface. Flowers are a bright yellow.			
Bignonia venusta (Pyrostegia ignea). Flame Vine (10)			
	.20	.50	1.85
During the winter months, brilliant trumpet-shaped orange flowers band in great masses. This evergreen vine is easy to grow and suited for warmer regions.			
Bignonia violacea (Clycostoma callistegioides).			
Lavender Trumpet Vine (9)17½	.45	1.85
Free flowering, delightful evergreen vine for sun or shade. Not rank in growth, and lovely in spring and summer when covered with light lavender, gloxinia-like flowers. Leathery, thick leaves.			
BOUGAINVILLEA Barbara Karst (10)			
	.20	.50	1.85
Large, brilliant red flower-bracts are borne almost continually. Plants bloom at an early age and create a riot of color.			
Bougainvillea brasiliensis (B. spectabilis) (10)			
	.20	.50	1.85
An indescribable sight with its lavish clusters of purple flower-bracts.			
Bougainvillea California Gold (10)			
	.35	.75	2.25
As its name suggests, rich golden bracts are borne profusely for many months in the year.			
Bougainvillea Convent (10)			
	-----	1.25	-----
One of the most sensational of Bougainvilleas. Enormous purple bracts are produced during many months of the year.			
Bougainvillea Orange King (10)			
	.20	.50	1.85
Bronzy-gold flower-bracts are produced on graceful sprays of this very vigorous Bougainvillea.			
Bougainvillea Rose Queen (Trade Mark Registered) (10)			
	.25	.60	2.25
A spectacular beauty that is completely covered with delicate rose-carmine blooms most of the year. A vigorous, rapid grower that requires very little care.			
5-gal. tree type	3.50		

	2¼" Pot	1-Gal.	5-Gal.
Bougainvillea Scarlett O'Hara (B. San Diego) (10)20	.50	1.85
The most vigorous and fast growing of bougainvilleas. Spectacular bright red flower-bracts on pendulous sprays create a blaze of color.			
5-gal. tree type			3.50
Bougainvillea Texas Dawn (Trade Mark Registered) (10)25	.60	2.25
Highly spectacular, this vine is exceptional for the myriad of Tyrian rose, gracefully formed bracts it suspends from long, arching sprays. Only the delicate pink of a dawn sky can begin to describe it. Other features of this new beauty are: its fast growth, with ability to maintain its symmetry and its demands for little care.			
CAMPSIS grandiflora (Tecoma grandiflora) (Grafted) (5)95	2.50
Large, trumpet-shaped flowers of brilliant scarlet-orange are produced in great clusters in the spring and summer.			
CAMPSIS grandiflora (seedlings) (5)15	---	-----
Campsis Mme. Galen (Grafted) (5)95	2.50
This fast growing deciduous vine bears large clusters of trumpet shaped brilliant scarlet-orange flowers during early spring. Produces more flowers than other varieties.			
Cissus capensis (Vitis capensis). Evergreen Grape (10)20	.50	1.85
This tropical, evergreen vine is definitely picturesque with its luxuriant, deep green foliage. It grows fast, covering a large area. Creates the tropical effect needed in modern architecture.			
Cissus hypoglauca (Vitis hypoglauca) (10)17½	.45	1.85
Fast growing evergreen vine. Glossy leaves of 5 leaflets 4 inches long. Sharp-toothed.			
Cissus rhombifolia (Vitis rhombifolia). Evergreen Grape (10)15	.45	1.85
For a foliage vine this is hard to beat. Glossy, rich green leaves of 3 leaflets set close along the twining stems. Used often as a pot plant for indoor decoration or outdoors in either sun or shade. Easy to grow.			
Cissus voinieriana (Vitis voinieriana) (10)		---	2.50
One of the most exotic of evergreen vines. The large 5 fingered leaves are thick and glossy. A "must" for any tropical planting. Evergreen.			
Cissus vomeriensis (Vitis vomeriensis) (10)		1.25	2.50
Very similar to Cissus voinieriana except the underside of the leaves and stems are densely covered with copper colored hairs which really enhance the vine and make it blend nicely with redwood.			
Clematis montana rubens (Seedlings) (6)15	.45	-----
This hardy strong growing deciduous vine with purplish toothed leaves bear clusters of rose pink flowers through late spring and summer.			
Distictis Rivers. Royal Trumpet Vine (Patent No. 554) (10)85	2.50
A most attractive trumpet vine having flowers with rich purple petals on a brilliant yellow tube. The leaves are large and glossy; the flowers are sweetly fragrant. 3" pot			
		.45	
FATSHEDERA lizei. Botanical Wonder (8)15	.45	1.65
A bigeneric hybrid between Fatsia (Aralia) and Hedera. Semi-climbing and large, glossy evergreen leaves similar to hedera. Makes a good subject for espalier on walls in shade or partial shade.			
5-gal. 1 stake	1.75	5-gal. 2 stakes ..	2.25
		5-gal. Espalier	3.50
Fatshedera lizei variegata (8)25	.60	1.95
Variegated form of Fatshedera lizei. Very attractive.			

LIGUSTRUM TEXANUM

	2¼" Pot	1-Gal.	5-Gal.
FICUS repens (F. pumilla). Climbing Fig (9)15	.45	-----
Close growing, clinging, evergreen vine. Leaves rounded, about 1 inch long. For sun or partial shade.			
GELSEMIUM sempervirens. Carolina Jessamine (7)17½	.45	1.85
Evergreen, twining vine. Foliage luxuriant, light green. Flowers trumpet shaped, yellow and fragrant, making quite a show in late winter. Excellent ground cover.			
HARDENBERGIA comptoniana. Vine-Lilac (10)20	.50	1.85
A fast growing vine having slender, lacy leaves with deep blue flowers.			
HEDERA canariensis (H. maderensis). Algerian Ivy (9)15	.45	1.85
Particularly adapted to warm climates. Dark green, unusually large, leathery leaves make this evergreen vine most desirable. Used to cover masonry or as a ground cover in partially shaded places.			
Hedera canariensis variegata. (Variegated Algerian Ivy) (9) ____	.15	.45	1.85
Like the Hedera canariensis, but its leaves are a creamy-white and green, beautifully variegated. An especially vigorous evergreen vine.			
Hedera cordata (8)20	.50	-----
Deep green heart shaped leaves make this a very attractive small growing vine. Very useful for indoor planting.			
Hedera glaceri (7)20	----	-----
Similar to Hedera hahni except the foliage is variegated. Generally a creamy white along the outer edge.			

LIGUSTRUM TEXANUM

	2¼" Pot	1-Gal.	5-Gal.
Hedera hahni. (Hahn's Ivy) (6)15	.45
This compact growing ivy finds much use in planter boxes because of its somewhat restricted growth habit. It may be used as a bed edging or ground cover in patio work where its dark green foliage creates a restful effect.			
Hedera helix. English Ivy (4)15	.45	1.85
Dark green, leathery leaves, but smaller than the Hedera canariensis. It is not only used as a vine and a ground cover, but may be clipped as a low, formal hedge on a support.			
Hedera helix arborescens (6)20	.50
A broad leaved evergreen, with every appearance of ivy in bush form, but often having the ivy-like leaves twisted and contorted in an interesting manner.			
HIBBERTIA volubilis. Gold Guinea Vine (10)17½	.45	1.85
A rich, luxuriant, semi-tropical evergreen vine. Large, gold colored, single flowers create a fascinating contrast against the deep green leaves. One of the most popular vines.			
HOYA carnosa. Wax Vine (9)25	.60
A tropical climber with perfect, waxy-white flowers with pink centers. Its thick, succulent-looking leaves require shade and much moisture.			
Hoya carnosa variegata. Variegated Wax Plant (9)			
Grows similar to Hoya carnosa except the foliage is a predominate creamy white. 3" pots			
	.45		

	2¼" Pot	1-Gal.	5-Gal.
JASMINUM ligustrifolium (Jasminum rigidum) (10)17½	.45	-----
It is dissimilar to other jasmines in its erect, almost stiff habit of growth. Leaves are of good size and are leathery. The flowers are fragrant and white. Evergreen.			
1-gal. staked55		
5-gal staked			1.85
Jasminum primulinum (Jasminum mesnyi).			
Primrose Jasmine (9)15	.45	1.85
Strong growing vine for coast or interior sections. Winter blooming. Rich green stems and leaves and bright light yellow double flowers. Sometimes allowed to make a large shrub. Evergreen.			
LONICERA heckrotti Improved. Coral Honeysuckle (5)17½	.50	1.85
Climbing, twining vine with 2 inch oval leaves and brilliantly colored honeysuckle flowers of coral-red and yellow.			
Lonicera hildebrandtiana (Grafted).			
Giant Burmese Honeysuckle (10)95	1.95
Large, shining leaves and clusters of white and yellow flowers make this one of the finest vines.			
Lonicera japonica halliana. Hall's Japanese Honeysuckle (5)12	.45	1.85
Vigorous, twining vine much used as a ground cover or for covering fences, arbors, etc. Leaves deep green and densely set, covered with fragrant white to yellow flowers for a long season.			
1-gal. Bush40		
Lonicera japonica purpurea (5)15	.45	1.85
Similar to Lonicera japonica halliana in most ways, except that the foliage has a red tint. 1-gal. Bush			
	.40		
MANDEVILLA sauveolens. Chilean Jasmine (8)15	.45	-----
Quick growing, twining vine with large, waxy, light green, pointed leaves and clusters of fragrant, white, tubular flowers with spreading petals 1½ to 2 inches across.			
PASSIFLORA edulis. Passionfruit, Purple granadilla (10)15	.45	-----
Fast growing, evergreen vine climbing by tendrils. Flowers about 2 inches across of typical passion flower form, white with blue markings followed by purple, plum shaped fruits. Edible and used mostly in making fruit juices.			
Passiflora pfordi (9)17½	.45	1.85
The most beautiful passion vine with 4 inch flowers, white with pinkish tints with a purple-blue crown in center. Quick growing, producing excellent light green foliage screen. Sun or shade.			
Passiflora princeps (10)20	.60	1.85
This passion vine produces the same intricate flowers, but they are a dark red color with a purple and white crown. It is a vigorous, fast growing vine and has deep green leathery three-lobed leaves.			
PHASEOLUS gigantea. Giant Snail Vine (10)17½	.50	1.85
An evergreen vine producing lavender flowers in large clusters. The unusual shape of the flower makes it extremely attractive. Grows easily.			
POLYGONUM auberti. Silver Lace Vine (4)			1.85
Hardy, climbing, twining vine much used on arbors, fences, etc. where the mass of slender stems and light green foliage makes a fine cover and plumes of tiny white to pinkish flowers last for a long time. Full sun. Not particular to soil.			

ACACIA BAILEYANA	MAGNOLIA GRANDIFLORA			
		2¼" Pot	1-Gal.	5-Gal.
RHYNCHOSPERMUM fragrans (Trachelospermum fragrans) (10)				
Very tropical looking evergreen vine—the leaves are large and elliptical—the flowers are white and fragrant.				
Rhynchospermum jasminoides (Trachelospermum jasminoides).				
Star Jasmine (9)				
Strong growing bush or vine with deep green leathery foliage. Thrives equally well in sun or shade. Its very fragrant star shaped flowers appear in spring and early summer.				
1-gal. staked50 5-gal. staked 1.85				
ROSA Mermaid. Mermaid Rose (5)				
A charming, old fashioned, single rose, is excellent for growing on fences or as a ground cover. Blooms prolifically throughout the summer having large, fragrant, mellow, sunrise yellow flowers.				
SOLANDRA guttata. Cup of Gold (10)				
A strong evergreen vine with huge yellow flowers striped with purple. The large glossy green leaves give the plant a tropical appearance.				
STEPHANOTIS floribunda (10)				
A twining vine with leathery shiny leaves and pure white fragrant waxy flowers. 3" pot40				

JUNIPERUS
TAMARISCIFOLIA

JUNIPERUS
ARMSTRONGII

JUNIPERUS
KETELEERI

JUNIPERUS
PFITZERIANA

	2¼" Pot	1-Gal.	5-Gal.
TECOMA australis (Pandorea pandorana) (10)17½	.50	1.85
Evergreen vine with yellowish white flowers spotted with purple. Funnel shaped flowers.			
Tecoma jasminoides rosea (Pandorea jasminoides rosea).			
Two-toned Trumpet Flower (9)17½	.60	1.85
Delicate climbing evergreen vine. Light green foliage and large clusters of light pink flowers with deep crimson throats. For sun or partial shade.			
THUNBERGIA gibsoni. Orange Clock Vine (10)50
This vine is outstanding for its abundant and effective rich orange flowers. Grows fast and blooms most of the summer.			
Thunbergia grandiflora. Blue Sky Vine (10)17½	.50	1.85
Twining evergreen vine making a lush rapid green cover with large sky blue trumpets with white throats. Sun.

Special Package Offers

CAMELLIAS—PAGE 11

ORNAMENTALS—PAGE 18

QUANTITY DISCOUNTS

1000 Plants.....	10%
500 Plants.....	5%

These discounts apply if the following requirements are met:

- 1. All plants must be of one variety.**
- 2. All plants must be of one container size.**
- 3. All plants must be shipped at one time.**

WHOLESALE ONLY

This list is intended for the trade only. If it should be sent by mistake to people not entitled to trade prices, we would greatly appreciate if you would notify us at once, so that our mailing list can be corrected.

F. O. B. MONROVIA—All Prices quoted in this catalog are F. O. B. Monrovia, California.

TERMS—While our regular terms are cash, we will be pleased to make credit arrangements with established concerns. Open accounts are payable on or before the 10th of the month following date of delivery. Overdue accounts are subject to 1% monthly interest charge and sight draft. No discount will be allowed as it is our policy to maintain attractive prices consistent with high quality stock. The issuance of this catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to availability of stock at the time of delivery.

CLAIMS—Claims must be made immediately upon receipt of goods. If an error has been made by us, please notify us promptly, and we shall take pleasure in adjusting the matter. We do not guarantee plants to live. At no time will we be responsible for more than the purchase price of the stock ordered.

We carefully pack all stock, and make every effort to secure prompt and careful handling by the transportation company. However, our responsibility ceases upon delivery of stock in good condition to the transportation company.

Please file a claim at once with the transportation company, if your stock has been damaged or delayed in transit. In this connection we shall be glad to assist you in any way we can.

WE ARE A PINTO-TAG NURSERY—This means that our nursery stock can be shipped to all counties in California and released for planting without further inspection. (Tulare and Ventura counties are exceptions).

ACKNOWLEDGMENT—Your orders will be acknowledged promptly and shipments made as quickly as possible, so if your order is not acknowledged please advise us immediately. Sometimes, because of inclement weather, or the press of business, there may be a slight delay in shipping, but we assure you that this will not be more than is absolutely necessary.

Non-Warranty—The Monrovia Nursery Company gives no warranty, express or implied, as to the variety or productivity of any nursery stock it sells. Liability in all instances is limited to the purchase price. No liability is assumed by seller for delay or failure to deliver caused by wars, strikes, fires, floods, droughts, embargos or any other contingencies beyond seller's control. If the purchaser does not accept the goods on these terms, they are to be returned.

TEMPERATURE RATINGS
(HARDINESS)

If you are in doubt of the hardiness of any plant, see the zone number placed at the right of the variety listed. Then refer to the map, pages 38, 39. These temperature ratings show our honest opinion; however, we disclaim all responsibility for correctness.

PACKING

There is no charge made on packing lining-out stock (2¼" and 3" pot-sized plants) and Azaleas. These are shipped by Railway Express unless specified differently by you. To insure safe and economical delivery, the plants are transferred from clay pots into waxed paper pots, and securely packed in sturdy, lightweight cartons. Please remember that shipping the larger plants (1 and 5-gallon sizes) by express or public motor freight is very expensive. Not only are the transportation rates high, but it is necessary that nursery stock be packed which means a packing charge as follows:

1-gallon cans	20¢	Labor and materials for stacking flats.....	35¢
5-gallon cans	50¢	Cost of flat	25¢

FUMIGATION

For your convenience we are equipped to fumigate plants. Charges are made at operating costs. Please keep in mind, we will do our best to have plants come through the fumigatorium in good condition; however, no liability is assumed by Monrovia Nursery in case of any damage or loss due to fumigation.

2¼" pots	2¢	1-gal.	7¢
3" pots	4¢	5-gal.	25¢
		7-gal.	40¢

MINIMUM ORDERS

Please keep in mind that an order to be shipped by express, parcel post, or motor freight must total \$20.00 or more. This minimum also applies to local deliveries.

Please do not order less than the following quantities of any one variety

- 25 in 2" lining-out stock**
- 25 in 3" lining-out stock**
- 10 in 1-gallon containers**
- 5 in 5-gallon containers**

SHIPPING

If you do not state your preference for method of shipping, all arrangements will be made for you with speed, safety and economy in mind.

Out-of-state shipments are made most economically by our contracted carrier motor freight service.

A full semi-truck load will consist of approximately 27,000 lbs. of plant material. A combination or split load consists of several orders each consigned to a different purchaser.

To have your order included in a combination load, a minimum order of \$250.00 is necessary, and delivery will be made as soon as enough orders are accumulated to fill a semi-truck. This minimum order of \$250.00 is required as the trucking concern under contract will make only a limited number of stops per trip. Trucking charges are a cash transaction and are due to Monrovia Nursery immediately after delivery of stock. **Do not pay the driver.**

If you are unable to meet the \$250.00 minimum order, undoubtedly a nursery in your immediate area could add to the order to make this required minimum, and have stock delivered to one nursery. A number of our customers pool their orders this way.

When ordering a truckload or a carload, beyond our free delivery area, packing, loading and bracing are free.

Approximate Weights of Plants in Following Container Sizes:

1 gallon cans	8 lbs. each	3" pots	1/2 lb.
5 gallon cans	50 lbs. each	5" pots	2 lbs.
7 gallon cans	60 lbs. each	7" pots	3 3/4 lbs.
2 1/4" pots	3/10 lb.		

**IF YOUR ORDER
ARRIVES BY OUR TRUCK CARRIER SERVICE,
DELIVERY CHARGES ARE DUE AND PAYABLE
IMMEDIATELY UPON RECEIPT OF INVOICE.
PLEASE DO NOT PAY THE TRUCK DRIVER.**

DELIVERY SCHEDULE

This schedule is arranged to give you the best possible delivery service and is followed closely. However, any time you place an order for a full truckload, shipment can leave the nursery within a few days after the order is placed, regardless of the schedule. If the first of the month falls on a **Wednesday or earlier**, that week is considered the **first week** of the month as pertaining to the schedule below. Keep in mind that the minimum orders listed in the schedule are required if your stock is to be shipped by our truck or contracted carrier, however, **only an order of \$20.00 is required to have your stock shipped by express motor freight, or parcel post.**

Please—We must have your order a few days before the scheduled delivery. This not only gives us more time to select better stock, but it does insure delivery on schedule.

Area	Minimum Delivery Order	Time of Delivery
L. A. Metropolitan Area Including San Fernando, Long Beach, Santa Monica and Covina areas.	\$20.00	Weekly
Orange County	20.00	2nd and 4th Thursday of each month. Every Thurs- day during fall and spring.
San Bernardino and Riverside Area Including Pomona, Chino and Colton areas.	20.00	1st and 3rd Tuesday of each month. Every Tuesday dur- ing fall and spring.
San Diego Area Including Oceanside, Escondido and Na- tional City areas.	25.00	2nd and 4th Wednesday of each month.
Santa Barbara Area Including Ventura County.	25.00	1st and 3rd Monday of each month.
Palm Springs Area Including Banning and Indio areas.	50.00	4th Monday of each month. Any Monday when a full load is available.
Bakersfield Area Including Wasco and Lancaster areas.	50.00	1st and 3rd week of each month.
Fresno Area Including Madera, Delano and Visalia areas.	50.00	1st and 3rd week of each month.
Stockton Area. Including Modesto and Merced areas.	100.00	2nd and 4th week of each month.
Sacramento Area	100.00	2nd and 4th week of each month.
Marysville Area Including Chico and Oroville areas.	150.00	2nd week of each month.
Paso Robles Area Including San Luis Obispo and Santa Ma- ria areas.	50.00	1st week of each month.
Monterey Area Including Salinas, Watsonville and Santa Cruz areas.	100.00	1st week of each month.
San Francisco Area Including Martinez, San Jose and Pitts- burg areas.	100.00	1st and 3rd week of each month.
Santa Rosa Area Including Ukiah and Napa areas.	150.00	4th week of each month.

Out-of-State Shipments—To all states. Regular scheduled deliveries are made during spring and fall by contracted carrier service (motor freight)—full loads or split loads. Minimum order—\$250.00.

We will also arrange for railroad deliveries if you prefer.

RAPHIOLEPIS SPRINGTIME

(Pink Indian Hawthorne)

TRADE MARK REG.

Raphiolepis Springtime grows upright, moderately fast. Leathery, luxuriant evergreen leaves. MN's new Hawthorne bursts into clusters of bright pink blossoms, January to April when few other plants bloom. Near coastal areas flowers deepen in color.

Also new! Raphiolepis Enchantress—beautiful cousin to Springtime. Compact grower, rose-red flower clusters.
